

The Kingston Daily Freeman

E. Chester St. By-Pass on Road Schedule Prime Minister Solh Almost Murdered

8 Others Are Killed In Attempt Shehab Election Is Agreed Upon

BEIRUT, Lebanon (AP)—Prime Minister Sami Solh missed death by a split second today when a would-be assassin blew up a parked car a few yards ahead of his automobile.

Solh was not hurt but eight other persons perished and a 5-year-old girl was hurt so badly she was given little chance to survive. The dead included a policeman on a motorcycle, three gendarmes, and four persons in a car just ahead of Solh's.

Detonator wires from the exploded car ran up the hillside above the road to a spot from which two men were seen to run away.

It appeared they were trying to kill Solh but pushed the detonator too soon. Had they waited a fraction of a second longer he would have been blown to bits. The incident occurred on a road nine miles out of Beirut.

The Prime Minister passes there daily en route to his Beirut office from his suburban home. The road runs along a sheer drop down to the Beirut River in the valley below.

An American-style car, thought to be a taxicab, had been parked there three days, with a rock under a wheel.

Reason Not Clear

As the Solh procession approached, a policeman stepped forward and asked the green car to pull to the side of the road and permit the Solh car to go ahead. At that moment the explosion occurred, knocking the motorcycle and the green car far down the slope.

Reasons for the attack on Solh were not immediately clear since most rebel animosity in the nearly three months of rebellion has been against President Chamoun.

Will Elect Shehab

Parliament Speaker Adel Ouseyran told The Associated Press there is general agreement among all parties that the army commander will be elected.

State Officials Have Record Fund To Help Pay Bills

ALBANY, N. Y. (AP)—State officials have a record \$551,393,498 in taxes in hand for the first quarter of the fiscal year to help them pay the bills.

First-quarter receipts were up \$16,300,000 over the corresponding period last year, Gov. Harriman's administration reported Monday.

Most of the increase came from the personal income tax. Receipts from business taxes declined, however.

Harriman said the total came close to budget estimates, but his office declined to say how close. The governor predicted in his budget message last February the state would collect \$1,521,000,000 in the fiscal year that began April 1. This would be 67 million more than in the last fiscal year.

The personal income tax brought in \$285,600,000 for the first quarter, compared with \$262,800,000 the year before.

This gain was offset somewhat by a decline of \$9,800,000 in death taxes on estates and a \$1,400,000 drop in the business franchise tax. The corporation franchise tax yielded \$90,505,567 in the first quarter, compared with \$91,910,000 the year before.

\$100,000 Is Passed For Two-Way Radios

The Ulster County Board of Supervisors Monday evening unanimously adopted a resolution for installation of two-way radio for use by Civil Defense, fire, sheriff and county highway departments and made available the sum of \$100,000 for the project after accepting the low bid by Motorola Communications & Electronics, Inc., for \$97,426.56. Last minute objection on the part of city supervisors to city taxpayers being assessed for that part of the system which will be used exclusively by the county fire departments, won approval and the original resolution was

MEETS WITH FOUR COUNTY CHAIRMEN—Nelson A. Rockefeller (center) seeking the Republican nomination for governor, meets with four area GOP county chairmen at Governor Clinton Hotel Monday. From left are Neal Brandow, Greene County; Harold Cole, Sullivan; As-

semblyman Kenneth L. Wilson, Ulster and Senator E. Ogden Bush, Delaware. The four pledged themselves to Senator Walter J. Mahoney of Buffalo earlier in the race for nomination. There was no report of any change yesterday. (Tom Reynolds photo.)

No Promise to Rockefeller Here; 16 Schenectady Votes May Be His

GOP Hopeful Says State Is Without Economic Advance

Under the administration of Governor Harriman the State of New York has not progressed along economic lines, Nelson A. Rockefeller told Republican leaders from the 34th State Senatorial District at a luncheon Monday afternoon at Governor Clinton Hotel.

Telling the group that he was "in the race to stay," Rockefeller, who presently is the leading Republican candidate in the race for the gubernatorial nomination, said he was cognizant of the fact that good government started at the precinct level and progressed through city, county and to state level. He promised that if he became the Republican candidate and was elected governor he would hold to that theory.

150 at Reception

The luncheon followed a reception at the hotel which was attended by 150, including the Republican county chairmen from the four counties in the 34th Senatorial District and other Republican leaders.

On a week's trip through the state after a weekend spent at his summer home in Mahe, Rockefeller left to meet Schenectady county Republican leaders.

Some time ago leaders from Ulster County announced their choice for the Republican nomination for governor at Rochester in August would be Senator Walter J. Mahoney of Buffalo.

There was no indication at, or after, yesterday's meeting that they had changed their minds.

Sponsored by Chairman

In commenting on the lack of Harriman's support for better economic conditions in New York state, Rockefeller said that should be one of the issues in the fall campaign.

The reception and luncheon Monday was sponsored by Assemblyman Kenneth L. Wilson, Ulster County Republican Central Committee chairman, and the county chairmen from

MAY BECOME QUEEN—Lilly Mythra Fallah, 18, is shown at recent reception in Tehran. Shah Mohammed Reza Pahlavi of Iran has reportedly chosen her to be his new queen. She is the daughter of Dr. Reza Fallah, wealthy chief of the nationalized Iranian oil industry. (AP Wirephoto)

Increased Truck Travel Reported

Increased truck travel on the Kingston-Rhinecliff Bridge was noted in reports from two sources today.

An increase, said not to be extra heavy, was reported by a spokesman for the New York State Bridge Authority, but another report from residents of Flatbush Avenue indicated that many more vehicles are moving over the span at night.

It was indicated that much of the increased travel is due to hauls between Pennsylvania and New England.

Police received a report yesterday, which indicated that residents of Flatbush Avenue are complaining of extra trailer truck travel between 11 p. m. and 6 p. m., and a check is due to be made.

Increased travel in recent days, it was reported at the bridge authority's office, Poughkeepsie, averaged about 25 more vehicles a day.

It was emphasized, however, that the extra travel now noticed in the city, will be eliminated with the opening in the fall of the spur, which will connect Route 9W with the western end of the bridge road. Concrete is due to be poured on the spur early in September.

A recently released report on June travel over Hudson River bridges, showed the local span as the only one noting an increase in travel over June, 1957. Complaints of night truck travel on Flatbush Avenue, recalls similar complaints from

Heck Is Reported Heaping on Coal For Rockefeller

By THE ASSOCIATED PRESS

Schenectady County's 16 delegates to the Republican convention are reported to have climbed aboard Nelson Rockefeller's gubernatorial express, as veteran politico Oswald D. Heck heaps on the coal.

Heck's home county will vote for Rockefeller at the GOP convention next month, it was learned.

Joint Meeting

Rockefeller met with Schenectady delegates and the four from neighboring Schoharie County at a dinner Monday night. Heck, powerful speaker of the State Assembly, was present. He did not attend a similar meeting recently for Leonard W. Hall, another aspirant for the nomination.

Heck, in an obvious reference to Hall, told a newsman afterward:

"I don't believe Republicans should criticize Republicans when there are such vulnerable targets as Mr. Harriman and Carmine DeSapio available."

Democratic Gov. Harriman is seeking a second term. DeSapio heads the Manhattan Democratic organization.

Hall, former GOP national chairman, has stepped up his criticism of Rockefeller recently, calling Rockefeller a "silent candidate," an "imitation Harriman," and a man in a glass case who had not "expressed his opinion on anything."

Poll for Rockefeller

The Schenectady Gazette said in its morning edition the county executive committee was polled last week and voted unanimously to support Rockefeller.

Schenectady's votes would bring Rockefeller's pledged total to 345. A candidate needs 586 for nomination, and an analysis of delegate leanings shows Rockefeller with more than enough to win. This count includes those votes known to be under Heck's wing.

Hall has 163 and Senate Majority Leader Walter J. Mahoney, a third contender, has 258. Hall has been pressing Rockefeller to debate the issues, and his criticisms brought a sharp rebuke from Rockefeller supporters Monday.

Calls Hall Desperate

John Young, chairman of People for Rockefeller referred to what

Senate Votes \$50,000 For 1959 Celebration

WASHINGTON (AP)—The Senate has sent to President Eisenhower a bill that would create a 21-member federal commission to participate in next year's 350th anniversary celebration of the discoveries of the Hudson River and Lake Champlain.

The measure, approved by the Senate Monday would provide a \$50,000 appropriation to "encourage and stimulate local celebrations" and to provide for entertaining foreign dignitaries.

IBM Moves Plant to Kingston Laboratory Here Nears Completion

IBM announced today that its High Street property in Poughkeepsie will be occupied by the company's Poughkeepsie Product Development Laboratory once the transfer of Military Products Division operations now there has been completed.

Military Products personnel and facilities presently located at High Street are being moved to Kingston where a new 132,000 sq. ft. Engineering Laboratory is nearing completion on the Kingston plant site. The move from High Street to Kingston is designed to consolidate all Military Products operations in the Kingston area. The relocation, which in no way affects the employment level of Poughkeepsie operations, involves nearly 500 employees, the majority of which are Kingston personnel assigned to High Street. The Military Products Division for some time has been gradually moving its personnel from High Street to Kingston along with their respective operations. Those Poughkeepsie employees not involved in the transfer to Kingston have been and are being absorbed in various company operations at Poughkeepsie.

The Product Development Laboratory will occupy the four-story building in stages starting some time in September and ending in January 1959.

Those operations that will move to High Street include some currently housed in rented facilities at Wappingers Falls, at Market Street in Poughkeepsie, and the Engineering Laboratory itself. By the time the transfer is completed more than 150 employees will be located at the High Street property.

The transfer also will allow the Product Development Laboratory to expand other operations at its main laboratory.

First Case of Polio Here Since 1956

A case of polio has been reported to the Ulster County Health Department, it was announced today. In making the announcement Dr. Dudley Hargrave, county health commissioner, pointed out that this is the first reported case of polio in Ulster County since September 8, 1956.

The patient is an eight year old boy residing in Kingston, who first became ill on July 20. He previously had received three injections of the Salk vaccine, the last one in 1957. Dr. Hargrave pointed out that this case appears to be a mild one, with no paralysis noted to date. Treatment is being carried out in a local hospital.

WOMEN WITH LEBANESE REBELS—Three young girls, one of them mostly hidden, grip weapons behind barrier as they train with the rebels in the Basta section of Beirut, Lebanon. Girls were identified with first names with Samira in foreground, Zeylab, partly hidden, and Houla in right background. Picture was taken July 24. (AP Wirephoto)

St. John Says Reuter Unfair About Police Urges Departmental Trials Speed Up And That Results Be Furnished Him

District Attorney Howard C. St. John defends his investigation of the Kingston Police Department and questions the motives of a state investigation in a report today to the Board of Police Commissioners.

He calls attention to the results of the DA's investigation, resulting in the indictment and conviction of eight police officers. He points out that the results of his investigation were made available to Arthur L. Reuter, acting commissioner of investigations, who was directed by Governor Averill Harriman to conduct a preliminary probe of the local police department.

Questions Text

St. John questions the wording of a charge by Reuter that "in testimony taken by the Grand Jury and by my staff, it has been disclosed that 30 officers out of a force of 54 have been involved in indictable crimes or other misconduct."

He charges Reuter with "grossly reckless statements for publicity sake" which have "seriously damaged the reputations of our community on a state-wide basis and innocent men have been forced to live under a cloud of suspicion where none should exist."

Copy of Letter

The letter to the board follows:

"On July 15th, 1957, the President of the Police Commissioners asked that at the conclusion of the investigation of my office of the Kingston Police Department I render a full and complete report. In as much as all of the criminal cases arising from the District Attorney's investigation have been completed in court, I feel it is now appropriate and proper that I should make such a report to you."

From the outset of our investigation, I resolved that it should be conducted with complete fairness for the purpose of not only bringing any wrongdoers to justice, but equally well to protect the innocent and devoted police (Continued on Page 6, Col. 3)

To Delay School Tax, Hearing Set On Local Budget

The collection of school taxes, regularly scheduled for the months of August and October, will be delayed, it was announced today by the Kingston Board of Education.

The purpose of the delay is to schedule a hearing on the school budget for the year 1958-59, the board explains.

The board noted that for some time it had been seeking legal advice relative to holding such a hearing. At a special meeting of the board last week it acted on this advice.

The first official notice of such a hearing was posted in the Kingston Daily Freeman last week. The hearing is scheduled for 7:30 p. m. Monday, August 18, 1958, at the George Washington School auditorium.

At this hearing the board will consider recommendations made by the public and will in turn pass a revised warrant for the collection of taxes which in all probability will become effective August 20.

Present plans are to mail tax bills on Tuesday, August 19.

Other Area Projects Are Listed

Expect Bids Soon For Arterial Route

Added to the area's extensive road-building schedule due to be underway within the next year will be repair of a section of the East Chester Street by-pass, a state report noted today.

An engineer also reported considerable field work done in the preparation of plans for the Route 209 by-pass; bids are expected to be called for within the next several weeks for the city's arterial route project, and plans are advancing toward reconstruction of an upper section of Route 28.

Pouring of concrete on the spur which will connect Route 9W with Route 32 and the western approach of the Kingston-Rhinecliff Bridge is due to start early in September.

John W. Johnson, state public works superintendent, today announced that bids will be opened Aug. 28 at 10:30 a. m., in Albany for the widening and resurfacing of 1.44 miles of the East Chester Street by-pass north of the city line, at an estimated cost of \$216,000.

Widened to 24 Feet

The road will be widened to 24 feet and will be resurfaced with asphalt concrete pavement. The section within the city was resurfaced by the city public works department within recent years.

It was noted when the local arterial route plan was first presented in 1954 that East Chester Street and several other main artery streets in the city are expected ultimately to be taken over and maintained by the state as part of the arterial route system.

This would mean that future repair of the city's section of the East Chester Street by-pass would be done by the state.

Among other area projects for which bids will be opened Aug. 28 in Albany, Aug. 28 will be the resurfacing of 4.47 miles of Route 214 between Edgewood, Greene County, and Route 23-A. That is an upper section of the road between Phenicia and Tannersville. The work will be done at an estimated cost of \$208,000.

In Greene County also on schedule is the reconstruction of a 1.14-mile section of Route 385 in the village of Athens. The road will have a 24-foot wide asphalt concrete pavement. Estimated cost is \$300,000.

22 Proposed Projects

The above area projects are among 22 proposed highway improvement projects for which bids will be opened Aug. 28 in Albany. The estimated total cost of all is \$31,816,000.

Considerable field work was done in the spring for the designing of the proposed Route 209 by-pass, which will extend from the Hurley area to Route 9-W near the point where that road will connect with the bridge spur. Other field work and designing is now in progress.

A major phase of the Kingston arterial route plan, due for earlier start, will be the building of a spur extending northwestward from Albany Avenue and Broadway to the Route 28-Thruway interchange.

Some details of the upper Route 28 project are still to be worked out, an engineer said, but it is expected that plans will be ready within the next several weeks. The problem of moving or by-passing a section of the Pine Hill water system, has not been resolved, he said.

Another road due for rebuilding in the near future is that between Highland and the New Paltz interchange of the Thruway.

Troopers Called To Probe Theft Of \$500 in Bail

HORNELL, N. Y. (AP)—State police have been called in to investigate the theft of \$500 from this city's police headquarters.

The money, which had been deposited as bail, was discovered missing July 20. Police Chief Carl R. Roosa disclosed the theft Monday.

The money was locked away July 18 in the drawer of a steel desk.

Word of the theft was withheld, Roosa said, because he was away at a conference and subordinates thought the news might hinder investigation.

BAGHDAD PACT MEETING OPENS—British Prime Minister Harold Macmillan speaks at opening of Baghdad Pact Council meeting in London. Seated, from left, are: Mohamad Saifraz, Pakistan, deputy secretary general of the Baghdad Pact; U. S. Ambassador John Hay Whitney and U. S. Secretary of State John Foster Dulles. Beaver Band Back

ONEONTA, N. Y. (AP) — That beaver band is back again. Campers at nearby Goodyear Lake were harassed all last summer by beavers, who beat with their tails on steel drums under docks along the lake. June was quiet, raising campers' hopes. But the beavers, ever eager, are back on the beat.

Mowing Machine Victim

VERMONTVILLE, N. Y. (AP) — Farmer Rufus Cass, 75, hitched a team of horses to his mowing machine Monday. The horses bolted, dragged the machine over Cass and killed him.

Cass' farm is just outside this Adirondack hamlet north of Saranac Lake.

Think It Through

By E. F. HUTTON

LET'S EXPORT OUR EXPERTS!

When it comes to paying taxes, the French say, "After you, my dear Alphonse." The Frenchies seldom, if ever, pay the full amount of taxes they owe, and often, not at all. The people keep two sets of books, and their officials are so polite.

So France, though prosperous, is busted, and must have another half billion bucks quick, in addition to 6 billion \$'s we've already sent 'em.

Uncle covers their shortages. That's nice of Uncle, but tough on us "dough" boys. So why not export our income tax experts to France? They're the world's best lemon squeezers. Recently, they've been grabbing unemployment compensation checks to apply on unpaid taxes of Americans out of work.

If France would let our experts collect their unpaid taxes, France would have money; our experts could visit the hot spots in gay Páree at Government expense, and boy, oh boy, what a vacation we would have!

Talk about foreign aid! The party that puts this over will carry every precinct in the next election!

Think of it, my friends. France would soon be free of cheek and Gaulle; we could cut our taxes, and with the money saved, we'd buy their wine, brandy and perfume. With the money we'd pay for them, they'd buy from us. You can't lose. Every body would prosper. I must tell Uncle about this. He is said to be smart, and should grab this quick.

Ironworker Parley Set for Friday In Upstate Strike

SYRACUSE, N. Y. (AP) — State mediators bring striking ironworkers and their employers together again Friday in another attempt to end a costly, six-week-old walk-out.

Three top mediators carrying special orders to draw a prompt settlement conferred for four hours Monday with ironworkers officials and contractor, representatives from six Upstate areas.

Afterward, Dean Andrew Clements of Albany Law School reported no agreement and added: "The special panel will meet with representatives of the union and the contractors at 3 p. m. Friday at which time special proposals and suggestions will be offered for settlement of the controversy."

About 2,000 ironworkers struck last June 16 in a wage dispute. Another 20,000 workers in allied jobs observed the picket lines, disrupting private and public construction projects costing millions of dollars.

Negotiations have brought settlements in the Niagara Falls and Olean areas.

Representatives from the Syracuse, Albany, Binghamton, Elmira, Rochester and Utica areas sat in on the sessions Monday.

The union wants a pay increase of about 47½ cents an hour, plus fringe benefits. Pay scales now range from \$3.50 to \$3.60 an hour, depending on the area.

30 Years With Central Hudson

Arthur P. Nash of 5 Orchard Street, Hurley, Gas Planning Engineer of the Central Hudson Gas and Electric Corporation, was honored Monday on the occasion of the 30th anniversary of service. He was cited for his long company career and was presented with a service emblem by Central Hudson President Ernest R. Acker at ceremonies in Poughkeepsie.

Mr. Nash joined Central Hudson on July 25, 1928 as an engineer in Kingston. He was transferred to Poughkeepsie in 1930 as assistant gas operations engineer and later, served as gas meter superintendent, as general foreman of the Poughkeepsie Gas Works and as gas distribution division supervisor.

He returned to Kingston as superintendent of the local gas works in 1945 and later as district gas superintendent. In 1952 he was transferred to the utility's general office in Poughkeepsie as senior engineer, was advanced to section engineer-gas in 1954 and was named gas planning engineer in 1956.

A mechanical engineering graduate of the Massachusetts Institute of Technology, Mr. Nash is a past vice president of the New York Society of Professional Engineers and is a member of the American Gas Association.

He was the first president of the Hurley Fire Company, served on the Hurley school board and was active in Ulster County scouting, serving for a time as commissioner.

Sees No Peace Gain

RIO DE JANEIRO, Brazil (AP) — The current conference of the Interparliamentary Union, dedicated to aiding peace by a frank exchange of views among the world's lawmakers, has done little to narrow the breach between the Communist and non-Communist worlds.

This was the opinion of delegates and observers at the conference, now in its sixth day. The more than 300 legislators do not speak officially for their 49 nations.

"There is the usual division between East and West," said Rep. Kenneth E. Keating (R-NY) in an interview. "I haven't seen very much evidence of a meeting of minds."

Bodies of Airmen Found

BRISBANE, Australia (AP) — The bodies of four World War II U. S. airmen have been found in the wreckage of their planes in the New Britain jungle by the Australian air force.

The wreckage of a P-38 Lockheed Lightning fighter was found nearly buried in 14 feet of soft soil with one body in the wreckage. Wing Cmdr. Keith Rundle of the Amberley Air Force Base reported today.

Within 12 miles, the Australians found a B-25 Martin Mitchell bomber and a Navy Grumman Wildcat fighter which had been shot down. Three bodies were found in the Mitchell. There were no bodies in the Grumman.

Style Expert Irked

LONDON (AP) — A decision by the British Broadcasting Corp. to let television announcers wear business suits instead of dinner jackets on night programs was denounced by a British style expert today as "bad manners and a retrograde step."

John Taylor, editor of Tailor and Cutter commented: "If a man is being looked at by millions he should be sartorially correct. The BBC ... should continue to set an example by doing the right thing visually."

"We are moving with the times," said a BBC spokesman. "This is part of our new informal approach."

Storm Cancels Flight

MANILA (AP) — A Pacific storm today caused Capt. Marion "Pat" Boling to postpone his nonstop solo record attempt across the Pacific 24 hours.

The 43-year-old flier from Palo Alto, Calif., had planned to take off in his single-engine plane before dawn Wednesday in an effort to break the late Capt. Bill Odom's 9-year-old record for solo flight in a light plane.

Boling hopes to fly the Great Circle route to Wichita, Kan., to beat Odom's record distance from Honolulu to Teterboro, N. J.

Fatal Crash in Fog

MOUNT VERNON, N. Y. (AP) — George Berger, 42, of New Rochelle, N. Y., was killed when a car he was driving and another car crashed head-on in the fog on cross county parkway here at 12:45 a. m. today.

KINGSTON, NEW YORK, JULY 29, 1958

SWEET CORN TIME

Ulster County homegrown sweet corn in good quality and in large quantity is now for sale at local markets and we rise to say that no one has really known the joy of eating until he has sunk his tooth into an ear of homegrown sweet corn served with proper regard for its inimitable qualities.

America has become quite sophisticated about its food. The continental touch is no longer to be found only in a few scattered restaurants. Cookbooks that describe exotic dishes have been popular. Many a housewife has had notable success with recipes that might have evoked a snort of disapproval in Grandma's day.

The sky's the limit when it comes to the pleasures of the table. But corn, simply, fresh-plucked, boiled not a moment too long, slathered with butter and delicately salted. Ah-h-h-h.

Jet planes from a Texas base fly only when their noise will not drown out services at a nearby church. This might be called a working agreement between the military pilots and the sky pilots.

NEW YORK STATE'S FINANCES

New York State is faced with a growing financial crisis, according to an assessment by the New York Chamber of Commerce. The report points out the widening gap between how much the state collects and how much it spends. Our current budget is predicted on a continuation of the high level of tax revenues our state has enjoyed in recent years. The business appears to have dashed that expectation.

Governor Harriman's 1958-59 budget turned red ink into a more acceptable shade of blue-black only through the juggling of the state's accounts. Its total of \$1,843,000,000 was some \$236,000,000 more than the state expected to collect from all current revenue sources.

By using \$138,000,000 in funds raised through the sale of bonds, this deficit was cut in half. The rest was met by draining \$98,000,000 from the Capital Construction Fund, which was originally designed to meet the costs of the state's building program in the next twelve months.

This left the Capital Construction Fund with usable assets of only \$22,000,000, which isn't much when you consider that a year before the Fund totalled more than \$120,000,000. What is more, the Fund was deprived of \$26,000,000 it was to receive from a surplus in the War Bonus and Mental Health Bond accounts. But that surplus also went to pay for the state's higher spending programs.

All of this means that in the future the state will have to place more reliance on bond issues to finance construction of roads and other needed facilities. This in turn will mean a rising debt and higher debt service charges. The increased use of bond funds will require still more borrowing to convert receivables into ready cash to meet current expenses.

Clearly, unless means can be found to curb the continuing spiral of the state budget, our taxes will go higher and higher. This is a matter that concerns large and small taxpayers alike.

For higher taxes will cause many industries that employ large numbers of our citizens to succumb to the wooing to other states which offer lower taxes as an enticement to industry. New enterprises will be discouraged from expanding or setting up shop within our borders.

The hard fact of the matter is that this trend already is underway. New York State has not kept pace with the rest of the nation in economic expansion.

Shortly before it adjourned last spring the Legislature directed the Senate Finance Committee and the Assembly Ways and Means Committee to study our personal income tax law and other aspects of our tax structure.

The committees are faced with a difficult task. No one likes to face the pros-

'These Days'

By GEORGE SOKOLSKY
SUPPORTING FRIENDS

American policy, since the end of the war, has been one of placating enemies, often buying them off, and neglecting friends. As a result, we are weak in friendships, many of our so-called friends actually being neutral; we have many enemies.

The Administration of the United Nations, which should have no policy at all and which should exist for housekeeping purposes only, does have a policy. It is that of preserving the United Nations at any cost, even at the cost of demoralizing nations after nation. In the case of Lebanon, for instance, the fact is that Lebanon is a member of the United Nations, is a sovereign state and as such is the equal of every other member of the United Nations. But the United Nations, in the Lebanese rebellion, has made no distinction between the Government of a member country and the enemy states which are supporting, fomenting and arming a rebellion in Lebanon.

No Lebanon will agree that Dag Hammarskjöld is impartial as between Lebanon and Egypt or can it be said that he is impartial as between Egypt and Israel. If he is objective and impartial, he has not displayed these qualities keeping them a dark, diplomatic secret. Perhaps this is United Nations policy which its Secretary General is carrying out, namely that the peace of the world can best be maintained by destroying small states because they become targets in the Russian or Arabic or Chinese march of imperialism. The paradox of our age is the rise of imperialism while all the world is talking about a universal peace.

Khrushchev, who heads the fastest moving imperialist effort of these times, accuses the United States of imperialism. Speaking at a Kremlin dinner, he said:

"The ruling circles of the imperialist camp also, of course, have some kind of common views. Their (minds?) work in a single direction—how to win the socialist state off the face of the earth and destroy Communism as the outlook of hundreds of millions of workers; how to perpetuate exploitation and oppression of the working people. But just as nature did not destine pigs to look up at the sky, so the schemes of the imperialists to destroy the countries of socialism are not destined to succeed."

Apparently, it is perfectly proper for the Kremlin to destroy the countries which are socialist, to intrigue against governments with which it has treaties of friendship, but it becomes a heinous offense to assist once sovereign and free peoples to liberate themselves from Soviet tyranny. Thus far, some 15 or 16 countries have been absorbed in the Soviet Union State, but not a single country has been conquered by the United States. On the contrary, since World War II, the United States has given the Philippines independence and Puerto Rico dominion status which in many respects is more advantageous than independence.

Khrushchev in this particular speech, said: "The friendship and unity of the socialist countries is based on a different foundation. The peoples of our countries have set themselves the aim of creating a classless society which excludes exploitation of man by man, which has no division of people into rich and poor, and in which there will be an abundance of everything necessary to man—a society in which science and technology, literature and art will achieve an unprecedented state of development. And the closer our countries stand together, the more solidly we unite our efforts and help one another, the sooner communism will triumph."

These are beautiful but meaningless words. Art and science are universal and have nothing to do with socialism or nationalism. We read Tolstoy and Dostoevsky; the Russians read Mark Twain and Jack London; Shakespeare and Goethe belong to mankind; Beethoven, Tchaikovsky, Bach, Mozart, Rimsky-Korsakov have produced for the universe. Edison's electric light burns equally in a palace and a hut, in China, Pakistan, Moscow or New York. The atom and hydrogen bombs will kill us all without regard to nationality or benefit us all. Khrushchev, however, lives on promises which to those who are without many of the benefits that we already enjoy, afford a swift glance into a heaven on earth to come. That particular kind of life can be found in New York, London, Paris, Bonn and hundreds of other cities in the Western world.

★ Dr. Jordan Says ★
'Got the Itch' Can Mean a Number of Different Things
BY EDWIN P. JORDAN, M.D.
Written for NEA Service

Few things are more annoying than an itch. All of us are familiar with this sensation, even if it only comes from a mosquito or other insect bite.

However, some itches are worse than others and some are long lasting, as well as widespread. One correspondent recently asked what causes itchy skin all over the body. He says that his feet feel prickly deep under the soles. Sometimes red spots appear on the toes and on the face as well.

There are a vast number of possible causes for itching, but in this instance the mention of the red spots suggests the possibility of hives or urticaria.

This is an allergic disorder involving excessive sensitivity to some substance. It can be diagnosed fairly easily by the sudden appearance of raised red spots accompanied by severe itching. Unfortunately, it is sometimes difficult to identify the substance which is responsible.

But there are a great many other possible causes for itching, only a few of which can be mentioned in this column.

Some people, for example, develop an itching of the skin after bathing. The sensation may last up to half an hour or more, but usually disappears after the clothes have been on for a while. The skin looks entirely normal.

Winter itch is a closely related condition in which people complain of severe itching all over the body when undressing for the night or just after retiring. It may be absent when the weather is mild. Here too the skin appears normal except for whatever scratch marks may be present.

The seven-year itch, or scabies, is another cause of skin itching which must be considered. This type of itching comes from a parasite which burrows into the skin. Treatment for scabies is aimed at destroying the parasites.

Lice always cause itching. Here also the treatment of the itch is not merely to apply some lotion, but to get rid of the insects which are causing the trouble.

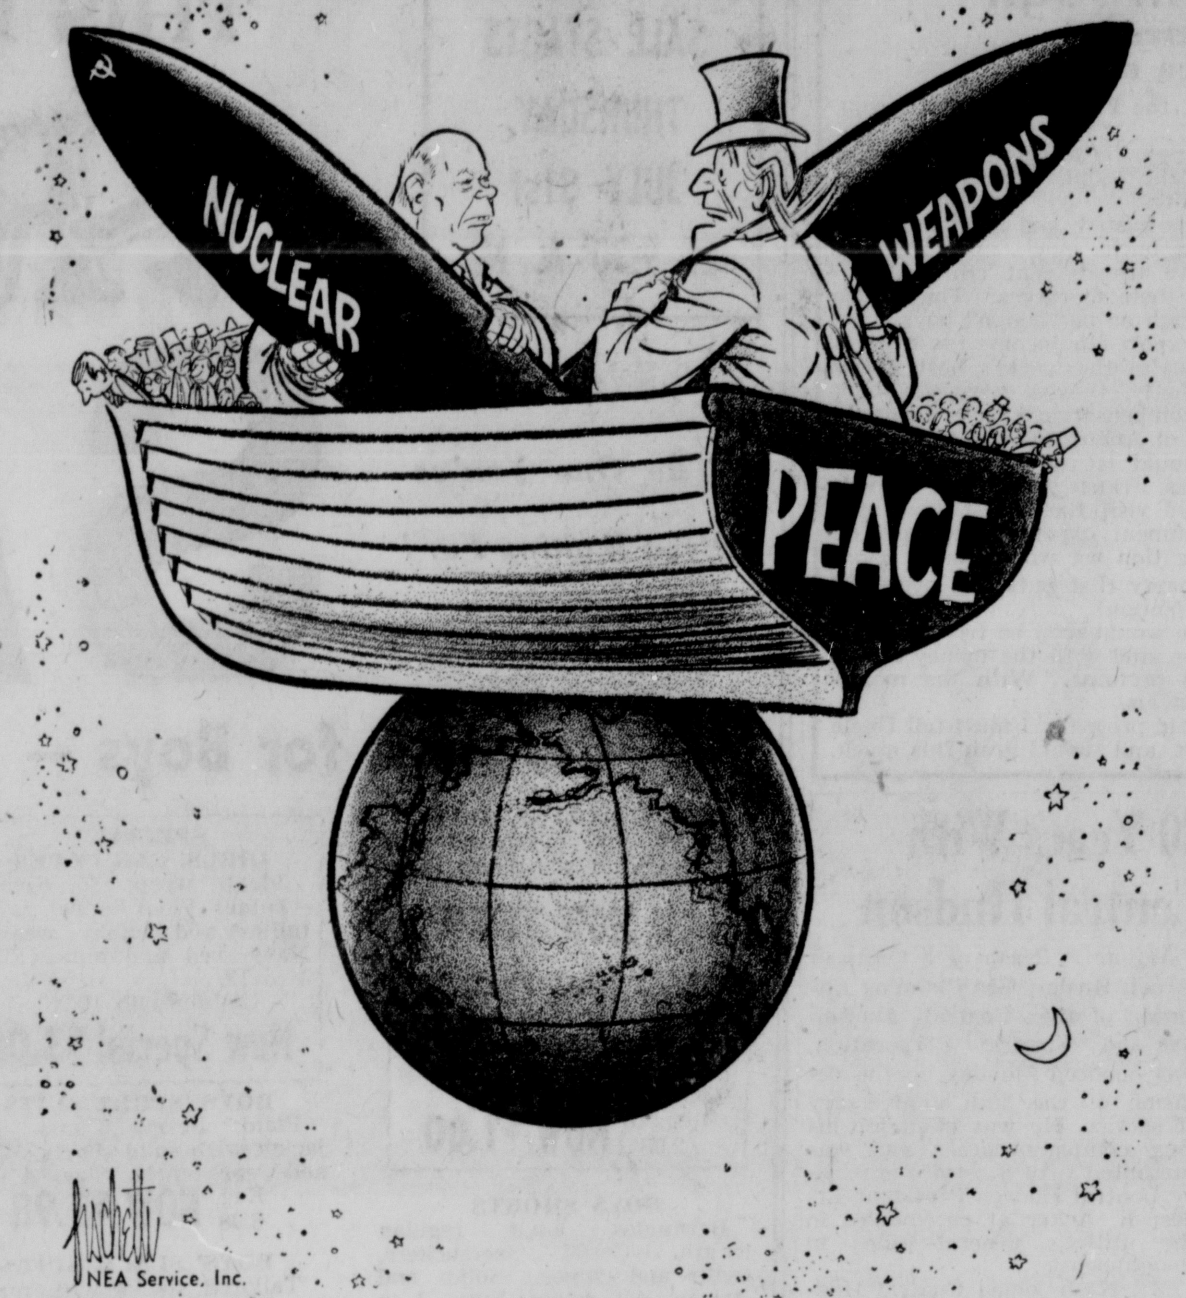

Itching of the skin may accompany such diseases as diabetes, nephritis or Bright's disease and especially jaundice. Indeed, in most forms of jaundice, the itching of the skin is one of the symptoms. It is particularly distressing and extremely difficult to relieve until the underlying cause has been corrected.

With so many possible causes for itching it is obvious that no one lotion or ointment will always cure, or even always bring relief. In severe or long-lasting cases of itching, the cause must be determined before the proper treatment can be applied.

One complication of most forms of itching is the result of scratching. I don't know why one wants to scratch an itch, but we all do. But vigorous scratching injures the skin and may make treatment more difficult.

pect of higher taxes, but there will be no alternative unless State spending is kept under firmer control.

The Last Livedoat

Washington News

WASHINGTON — (NEA) — Black haired, sleek and slim in spite of being sixtyish, Madame Chiang Kai-shek of Nationalist China was asked by a reporter, "How do you keep so beautiful?"

When she merely bowed graciously in acknowledging that compliment, the next question was, "What do you think of the new sack dresses?"

Without a moment's hesitation, Mme. Chiang rose in her form-revealing Chinese style one-piece dress, with the skirt split almost to the knee, and replied: "It all depends on the wearer."

AT A PRIVATE dinner party given by Socialite Col. and Mrs. Robert Guggenheim, a lady friend of ours was startled when she entered the house and was greeted by a long, loud wolf whistle.

"Don't be shocked," another female guest said. "That whistle came from the Colonel's talking myna bird that's perched over there in the corner."

"Actually, I was rather pleased," our friend confided. "Well, don't be," the other woman said. "That bird is just like every other Washington male. He whistles at all the girls."

HOSTESSES have already gotten help to Alaska-type entertaining gimmicks. Smoked salmon is probably the most famous Alaska delicacy which can be served at parties. Then there's king crab, which is sensational, and dungeness crab, which is also delicious.

One hostess asked a caterer if he knew of a special Alaskan drink to serve at a party.

"Lady," he replied, "in respect-

Passport Controls Called Necessary to Curb Reds

By DAVID LAWRENCE

WASHINGTON, July 29 — Will Congress do anything about legislation to control the issuance of passports? The Communists hope not, as they could build up a more effective apparatus inside the United States if Congress did nothing about the problem.

For the President recently was deprived of a vital part of the discretionary power he has always had, since the foundation of the republic, in conducting the foreign relations of this country.

By a five-to-four ruling, the Supreme Court decided that the government cannot, through passport control, interfere with the movement of Communist spies and Communist agents who may wish to travel back and forth and deliver military secrets to the enemy.

Power Denied

For decades past the executive branch of the government here has had the power to decide who shall or shall not leave the United States to travel in countries which are unfriendly or hostile to America. But now the Supreme Court says, in effect, that no such power exists and hints broadly that, even if Congress passes a law specifying the conditions under which passports may be denied, this may conflict with what the court construes to be a constitutional "right to travel" anywhere on the globe. Already the present Supreme Court has upheld, under the First Amendment, the right to preach treason within the United States.

The court bases its passport ruling on the theory that the Communist movement is just a "political belief." The fact that the Communists have infiltrated many countries of the world, and that they are instigating hostilities in many areas against the United States, is disregarded as irrelevant by five justices of the Supreme Court—Chief Justice Warren and Justices Douglas, Black, Brennan and Frankfurter.

Four other Justices—Burton, Whittaker, Clark and Harlan—indignantly dissent from the majority opinion and insist that the President of the United States, especially in time of an emergency, has a right to control the departure of citizens of this country for other lands. The four Justices draw attention to the continued existence of a Presidential proclamation declaring a national emergency which began in 1950. The minority emphasizes that the Communist movement is bent upon world conquest and is hostile to the interests of this country.

Rights of Majority
But the five Justices, in the majority opinion, put an unprecedented emphasis on indi-

vidualism. They say, in effect, that the rights of the majority of the American citizens may be put in jeopardy in order to uphold the rights of individuals irrespective of loyalty questions. The Department of State passport division has been virtually paralyzed since the June 16 decision. It has been compelled to issue passports bearing the seal of the United States to some persons who are regarded as tied up directly or indirectly with the international Communist movement. For several days some criticism of it in Congressional quarters, but now the indignation is mounting and it is significant that President Eisenhower, for the first time in his administration, has specifically asked Congress to enact a law reversing a Supreme Court decision.

Bill Drafted

The Department of Justice and the Department of State have drafted a bill designed to supply the necessary authority to deny passports to Communists. The administration has no intention of abandoning its viewpoint with respect to restrictions on travel outside this country. It doesn't feel comfortable about permitting American citizens with Communist connections to travel since there is no way to police what they do while they are abroad.

It is assumed that American citizens, when traveling abroad might arrange for the flow of cash and information and assist in the taking of steps to promote the Communist conspiracy inside the United States. The State Department is not asking that the executive branch be given the power to control the entrance or departure of American citizens in peace-time, but simply to deal with a problem when there is a national emergency or when the national interests of the United States might be jeopardized.

As one high official put it: "It seems only reasonable that Congress should give us authority to control the departure out of the United States of persons who are engaged in the same movement with others who are denied entrance when they apply to us from foreign countries." Happy Times

Want to Be a Foggy? It's All Too Easy for Oldsters

By MARIE DAERR

How to make enemies and alienate people as you grow older:

INSIST on talking about the good old days when, as you recall, things were infinitely better than they are now. Maybe they were better, in some ways. Maybe they were worse, in others. At any rate, you'll be lots more popular if you can talk about Sputniks, as well as the World's Fair of 1893.

MONOPOLIZE the conversation with your ailments. People of all ages get awfully tired about hearing how your arthritis and blood pressure are behaving. There are hundreds of more interesting subjects.

CRITICIZE the younger generation with stories of, "Now, when I was young." Maybe time's passing has polished up those memories a bit. Could it be that you, too, did a bit of cutting up when you were a youngster—and maybe even made a trip or two to the woodshed?

TELL salespeople, "They just don't make merchandise nowadays the way they used to." Maybe so, maybe not. But it isn't the clerk's fault. If you feel strongly about a product, write a letter to the manufacturer.

REFUSE to try a new experience. There's nothing to keep you from playing your first game of canasta, reading your first whodunit or taking your first airplane ride at age 80.

DEVELOP food fussiness that has no rhyme or reason. "I never eat asparagus—or rice—or cherries," sounds childish, unless, of course, you're following doctor's orders. It certainly doesn't endear you to your hostess, if you're dining out.

CLING to relics of the past. The artificial flowers your best friend gave you 30 years ago may have sentimental value. But they're pretty dingy by now. Why not toss them out or at least put them in a bottom drawer for a while. Give something new and fresh a chance.

SCORN the hearing aid you know you need. You're no help to conversation if you must have words repeated, or sit in silence and ignorance. A hearing aid

is as important, and as accepted, as spectacles these days.

BE UNTIDY about your appearance. When you are older, it's even more important to be sure your collar-and-cuff set is spotless and your necktie doesn't sport a trace of breakfast egg.

Q—How disabled do you have to be to receive disability benefits or have social security records frozen?—R. M.

A—To meet the disability requirements, you must submit medical evidence that shows: (1) you have a physical or mental condition so serious it prevents you from doing any substantial gainful work; (2) your disability has lasted six months and is expected to continue indefinitely.

Q—We'd like to take my parents, in their 80s, on an auto trip. But we are a little worried about whether it is wise for them to ride a long distance. What would you advise?—J. L.

A—Ask your family doctor. Whether he thinks it is wise for your parents to take the trip. If he says yes, he will probably add that long trips should be broken up by brief stops for exercise. A short walk every hour or so keeps blood from "pooling" in the legs.

Questions -- Answers

Q—How does a scorpion kill its prey?

A—With a poison sting at the end of its tail, it will also defend itself with this sting.

Q—What signer of the Declaration of Independence claimed he designed our flag?

A—Francis Hopkinson, but he could not offer satisfactory proof.

Q—Which is the oldest of all tree families?

A—The pine.

Q—Who was asked to make the principal address at the dedication of the cemetery at Gettysburg, Pa.

A—Edward Everett, who spoke for two hours. Lincoln had been asked to make a few remarks and spoke for about two minutes.

It is tough being married to an heiress who actually has no money, with everyone thinking you are living on her cash, when actually you are working like a son of a gun to keep her in the luxury to which she has been accustomed.

—Gregg Juarez, on his stormy 18-month marriage to British aircraft heiress Fredericka (Bob) Sigrist.

Small Investors Favor GE Common

NEW YORK (AP) — General Electric Co. common stock is the favorite among small investors who buy shares through the New York Stock Exchange's monthly investment plan.

The Exchange said Monday the four stocks that topped the popularity parade a year ago head the list again in mid-1958: General Electric, General Motors, Dow Chemical and Standard Oil of New Jersey.

Three stocks dropped from among the top 50 in the last year. They were Carrier Corp., Commonwealth Edison and Standard Oil of Indiana. The newcomers were Bethlehem Steel, Schering Corp. and Texas Instruments Inc.

International Business Machines jumped from 29th to No. 10, displacing American Airlines from the top 10.

Under the plan, pay-as-you-go investors may buy stocks listed on the Exchange for payments as low as \$40 a month. During the 4½ years of the plan's existence, investors have bought 2,397,756 shares valued at \$93,800,000.

Today's Business Mirror

By SAM DAWSON

By THE ASSOCIATED PRESS

NEW YORK (AP)—The insurance salesman is plying a two-way street across our northern boundary. The busy financial thoroughfare between Canada and the United States shows a traffic increase today in insurance as well in capital investment.

Sales both here and there have increased despite the recession. And life insurance policies of all types foreign and domestic — by companies, saving banks, fraternal and assessment organizations and the government's veterans kind — now come to more than 500 billion dollars and involve 121 million Americans.

Life Insurance Sales
Canadian companies sold nearly one billion dollars of life insurance to Americans last year for a gain of 90 million dollars over 1956. U.S. companies peddled more than 1½ billion dollars in policies to our northern neighbors.

for an increase of almost 390 million dollars.

The Canadians are particularly strong at selling annuities to Americans, U.S. salesmen at selling ordinary life policies.

But the recent spurt on the part of American salesmen hasn't had too much effect yet on the overall exchange of American and Canadian dollars in premiums and benefits, both of which are in pretty close balance. This could be changed in the future if the American gains of the last two years fell into a definite trend.

Capital investment by Americans in Canadian securities and in development of Canadian resources has fretted some Canadians who fear it might lead to financial influence over Canada.

In the case of the insurance companies, however, total outside investments are still in favor of the Canadians. The 12 Canadian companies doing business in this country have invested 1½ billion dollars here. The 35 U.S. companies doing business in Canada list less than 1½ billion dollars in assets there.

Figures from America's Institute of Life Insurance and from the Canadian Life Insurance Officers Assn. show that in 1957 the 12 Canadian companies had 130 million dollars in premium income from policies in force here, while the 35 U.S. companies garnered 191 million dollars from Canadians. The Canadians' score on annuity premiums was 46½ million dollars to the Americans' 10½ million.

Both sides gained over 1956 when the Canadians took in 188½ million dollars and the Americans 176½ million.

In 1922, several makes of cars introduced gasoline gauges on their instrument panels. Last year, gasoline and oil advertisers invested over \$30 million in newspaper advertising.

NAMED BY IKE — Bertha S. Adkins, above, has been nominated by President Eisenhower to be Undersecretary of Health, Education and Welfare. At present assistant chairman of the Republican National Committee, she would succeed John A. Perkins, who resigned. Nomination is subject to confirmation by the Senate.

Legislation Is Passed In Senate on Basin

WASHINGTON (AP)—The Senate passed Monday and sent to the House legislation that would give congressional approval to creation of a Great Lakes Basin compact and a commission.

The commission would be comprised of representatives of New York, Illinois, Indiana, Michigan, Minnesota, Ohio, Pennsylvania and Wisconsin.

It would gather information and make recommendations for conserving water resources of the basin and consider ways to improve fisheries and navigation.

HIGHLAND NEWS

Mrs. Jesse Alexander entertained at dinner Saturday night Mr. and Mrs. C. Imbrie Richards and Mr. and Mrs. John C. Miller.

Mr. and Mrs. Gordon Busch and daughters, and Mr. and Mrs. Stanley Benson and son have returned from a vacation at Long Lake.

Miss Margery Mellor, Albany, visited over the weekend and was accompanied by her mother on her return.

The Supreme needs ½ the water, soap used by centerpost washers—yet Supreme washer clothes cleaner.

The Supreme rinses so clean it cleans itself! There's no tub, no agitator or lint pans to take out and clean.

Air blows right into drum for faster drying—uses less current. No perforated drum to block air flow.

Grace Roberts, Once Active in Civic Life, Dies

HUNTINGTON, N. Y. (AP) — Miss Grace van Braam Roberts, 89, one-time women's suffrage leader in Ulster County, died of a heart attack Sunday night at the home of a friend here.

Miss Roberts, recently a resident of Highland, N. Y., founded Ulsterdorp Farms, a dairy cattle farm at Lloyd, N. Y., devoted to registered Jersey cattle, in 1890. She operated the farm until a few months ago.

Before women were granted the vote, she was president of the Ulster County branch of the National American Woman Suffrage Assn. In the 1920s and early 1930s she was chairman of the New York State Women's Committee for Law Enforcement, an organization that upheld prohibition.

Miss Roberts was a graduate of Vassar College at Poughkeepsie, a former president of the school board at Lloyd, her birthplace, and a founder of the Highland public library. She lived in New York City for many years. No immediate relative survives her.

DIED

BAUER—July 29, at Saugerties, N. Y., John V. Bauer, husband of the late Julia Ketchum.

His funeral service will be held from Seamon Funeral Home, 45 John Street, Saugerties, Thursday at 8:30 a. m., and thence to St. Mary's Church at 9 a. m., where a requiem Mass will be offered for the repose of his soul. Friends will be received at the funeral home at any time. Interment Mt. View Cemetery, Saugerties.

GROTH—At Kingston, N. Y., Monday, July 28, 1958, Mrs. Lina Groth of Rifton, N. Y., beloved mother of Mrs. Raymond Koester, Mrs. Lina Otto and Rudolph Groth.

Funeral services will be held at the George J. Moylan Funeral Home, Main Street, Rosendale, Thursday, July 31, 1958 at 10:30 a. m. Interment in Rosendale Plains Cemetery. Friends may call from 2 to 4 and 7 to 10 p. m.

LARISH—At rest July 28, 1958, Carl Larish of Phenicia, N. Y., beloved husband of Mable Larish, nee Oberst; loving father of Larue Larish of Bound Brook, N. J., Mrs. Paul Kelch, Sun Valley, Calif., Mrs. Glen Johnson, White Mills, Pa., Mrs. Richard Leslie of Bound Brook, N. J., Mrs. Burdett Booth of Phenicia, N. Y., Virginia of Phenicia, Carl of Phenicia; devoted brother of Mrs. George Hill, Espy, Pa., Mrs. George Blaine, Blooming Grove, Pa. Mr. Larish is also survived by eight grandchildren, several nieces and nephews.

Funeral services Wednesday, 2 p. m., from the Gormley Funeral Home, Phenicia. Interment in the family plot in the Shandaken Rural Cemetery.

LEFEVER—In this city, July 27, 1958, George L. LeFever of Bloomington, N. Y., husband of Edith Schoonmaker LeFever and uncle of Lloyd R. LeFever of Kingston.

Funeral services will be held at the A. Carr & Son Funeral Home, 1 Pearl Street, Kingston on Wednesday at 2 p. m. Relatives and friends are invited. Interment in the Bloomington Cemetery. Friends may call from 7 to 9 p. m. on Tuesday.

McCRACKEN—At Benedictine Hospital, Sunday, July 27, 1958, William McCracken, a lifelong resident of Napanoch and Ellenville.

Funeral services will be held at 2 p. m. Wednesday from the H. B. Humiston Funeral Home, Kerhonkson with the Rev. Donald Chilton, rector of St. John's Episcopal Church, Ellenville, officiating. Interment will be in Fantinekill Cemetery, Ellenville. Friends may call at the funeral parlors at any time.

Memorial
In sad and loving remembrance of our darling daughter, Marlene Rose Tiano, who passed away 12 years ago today, July 29, 1946.

Local Death Record

Thomas J. Kelly

Funeral services for Thomas J. Kelly of 176 O'Neil Street, retired railway clerk who was employed on the West Shore Division of the New York Central Railroad for many years, were held Monday morning at 9 o'clock from the W. N. Conner Funeral Home, Inc., and at 10 o'clock from St. Joseph's Church, where a high Mass of requiem was offered by the Rev. James J. Keating. Responses to the Mass were sung by the children's choir, assisted by Mrs. Frank Rafferty, organist. During the days the remains reposed at the funeral home, many called to offer their sympathy and condolence. Floral tributes were numerous and included many spiritual bouquets in the form of Mass cards. Among the clergy calling was the Rt. Rev. Stephen P. Connelly, who offered prayers for the dead. Sunday evening at 8 o'clock the Rev. James J. Keating called and assisted by relatives and friends present recited the Rosary. Burial was in St. Mary's Cemetery, where final absolution and blessing were given by Father Keating. Bearers were Alexander Maines, Robert L. Maines, Thomas Maines and Frank J. Rylewicz.

John V. Bauer
John V. Bauer, 84, of Saugerties, died at Dales' Sanatorium this morning following a long illness. He was born in New York City but had resided in Saugerties for a number of years. He was retired and had been gatekeeper for the New York Central Railroad. Funeral will be held Thursday 8:30 a. m. from Seamon Funeral Home, 45 John Street, Saugerties, thence to St. Mary's Church, Saugerties, at 9 a. m. where a requiem Mass will be offered for the repose of his soul. Burial will be in Mt. View Cemetery, Saugerties. Rosary will be recited Wednesday 8 p. m. at the funeral home. He is survived by four sons, John Bauer of Kingston, George Bauer of Corona, L. I., William and Walter Bauer of Saugerties; four daughters, Mrs. Julia Hausman of New York City, Mrs. Dorothy Ward of California, Mrs. Helen Pulcastro of Saugerties, Mrs. May Zahm of Ballston Spa; several grandchildren and several great grandchildren. Friends will be received at the funeral home at any time.

Deaths

By THE ASSOCIATED PRESS
WASHINGTON (AP) — Brig. Gen. Joseph W. Beacham, 84, veteran of the Spanish-American war, Philippine campaign and World War I, who coached the West Point football team in 1911 when President Eisenhower was a cadet player, died Monday.

When the President met the general during a visit in 1953, he asked, "Oh, brother, are you as tough as you used to be?" Beacham was born in Brooklyn.

YORK HARBOR, Maine (AP) — Harold C. Richard, 73, banker and industrialist who was a director of Manufacturers Trust Co. in New York as well as other corporations died Monday. He was born in New York City.

PITTSBURGH (AP) — Dr. Benjamin Levant, 60, brother of Oscar Levant, the pianist who became a television personality, died Monday. Dr. Levant, a surgeon, suffered a heart attack while he was performing surgery in Montefiore Hospital.

ISTANBUL, Turkey (AP) — Lt. Gen. Necati Tacan, 63, commander of Turkey's ground forces, died Monday of a heart attack.

ALEXANDRIA, Va. (AP) — Luzerne A. Blue, 61, a first baseman with the Detroit Tigers in 1921-26 and subsequently a player with the old St. Louis Browns and Chicago White Sox, died Monday. He had been ill with arthritis.

MUNSON—Leslie A. of Port Ewen, N. Y., Sunday, July 27, 1958; husband of Isabel Grant Munson; father of Mrs. Donald Boyce of Ft. Montgomery, N. Y., and Leslie L. Munson of Kingston; brother of Lewis Munson of Port Ewen, N. Y. Also surviving are six grandchildren and several nieces and nephews.

Funeral services will be held at the F. Daniel Halloran Funeral Home, 88 West Chester Street, Wednesday, July 30th at 2:30 p. m. Interment in River-view Cemetery, Port Ewen. Friends may call at the funeral home from 2 to 4 and 7 to 10 p. m.

Dog Population In County Shows Increase of 525

Ulster County and the City of Kingston is "holding the line" in dog population while in many other areas of the state it is "going to the dogs."

State Agricultural Commissioner Daniel J. Carey reports there has been an increase of nearly 17,000 dogs this year in the state according to the report on dog census figures. The 1958 census shows a total of 854,444 dogs in counties outside the City of New York, which keeps its own census figures.

Carey states he had received complaints from many parts of the state indicating that molestation of persons by dogs was increasing and he said a number of women had written that they feared going shopping because they were menaced by uncontrollable dogs.

However, according to the dog census figures for Ulster County compiled by County Treasurer Albert N. Cook from returns of the dog tax money, Ulster County's dog population has increased only slightly over 1957.

County Treasurer Cook reports that in 1957 the total number of dogs in the county outside the City of Kingston was 14,096 and in 1958 the dog population is 14,508.

In the city there were 2,118 dogs in 1957 and 2,231 in 1958. The total dog population in city and county in 1957 was 16,214 and in 1958 16,739, an increase of 525.

A comparison of the dog population in the county by townships for 1957 and 1958 is:

	1957	1958
Denning	83	73
Esopus	86	73
Gardiner	364	425
Hardenbergh	97	94
Hurley	82	795
Kingston	78	67
Lloyd	1,007	1,055
Marbletown	606	637
Marlborough	974	906
New Paltz	708	752
Oliver	412	423
Plattekill	806	811
Rochester	723	717
Rosendale	518	717
Saugerties	1,957	1,989
Shandaken	379	386
Shawangunk	1,028	1,042
Slavertown	1,110	1,044
Wawarsing	1,046	1,069
Woodstock	522	643
	14,096	14,508

Police Seek Male Narcotics Addict

NEW YORK (AP)—Police concentrated today on a powerfully-built male narcotics addict in their investigation of the murder of a woman employee in the psychiatric building at Bellevue Hospital.

The 29-year-old patient, Antonio Rivera, of The Bronx, was removed from the medical ward in the psychiatric building to an individual cell in the prison ward.

A police guard was stationed outside the cell.

A team of psychiatrists was aiding police in questioning the suspect. He was singled out of the 59 patients in the ward when fresh scratches were found on his wrists. He is under treatment for a jaw fracture suffered in a fight with a policeman a week ago.

Detectives said Rivera was regarded about the time of the murder Sunday night because a policeman assigned to guard him took a coffee break of 40 to 45 minutes.

The suspect reportedly was seen about the time of the murder in the vicinity of the pantry where the body of Mrs. Sali Spellman, a 62-year-old widow, was found.

An autopsy report said Mrs. Spellman, a kitchen worker at the hospital, had been kicked, choked and stamped to death. She suffered many rib fractures, a ruptured liver and manual strangulation. Dr. Sidney Weinberg, acting chief medical examiner, said it was "one of the most brutal beatings I have ever seen."

I would likewise, be remiss if I did not pay tribute and express my appreciation to the various persons and organizations both from inside and outside the county who assisted me in my investigation of the Kingston Police Department.

Boyle Ordered to Show Why He Won't Come to Kingston

Justice Benjamin P. Galenti, county judge of Bergen County, New Jersey, today set Aug. 25 as the date for a hearing in the controversy over whether Edwin T. Boyle, secretary of the Lansdell Company of Hackensack, N. J., will appear before the Ulster County "kickback" grand jury and tell what he knows about certain company vouchers and checks.

Boyle, who has declined to appear voluntarily was ordered last week by Justice Henry Clay Greenberg, presiding over the "kickback" session to appear July 31 before the special grand jury.

Under a reciprocal agreement between New York and New Jersey necessary and material witnesses may be subpoenaed to the adjoining state. Approval of a judge of the adjoining state is necessary however.

Assistant Attorney General Leonard E. Reisman, chief assistant in the Ulster County investigation, appeared before Judge Galenti today and the judge signed an order requiring Mr. Boyle to show cause why he should not be ordered to appear in Kingston. The order was served on Boyle in the office of Winne and Banta, counsel to the Lansdell Corporation.

Banta, Boyle's attorney, then made an application to Judge Galenti for an adjournment of a hearing which had been set for Tuesday on the grounds Mr. Winne who had handled the matter and was familiar with it, was vaca-

LeFever Ordered to Produce Records in Kickbacks Case

St. John

officers who have served our city well over the years.

Those Convicted

As a result of the Grand Jury investigation, the following officers were convicted of crimes: Joseph Keller, burglary third degree; Gerald M. McCloskey, burglary third degree; Gilbert E. Gray, unlawful entry; Robert M. Fitzgibbon, unlawful entry; George Clark, unlawful entry; George Dohnken, unlawful entry; Harry Tempelaar, receiving stolen property; and Benjamin Osterhoudt Jr., receiving stolen property.

Our investigation disclosed no other indictable offenses but the Grand Jury, in its presentment, directed that I provide the results of my investigation to the Corporation Counsel for whatever other disciplinary action should be taken against any other members of the Kingston City Police Department.

Although the Grand Jury, which is constitutionally constituted body, had done a thorough and complete investigation, certain elements in our county, whose motives time alone will disclose, requested that another investigation of the Kingston City Police Department be made by the then Acting Commissioner of Investigations.

The results of the comprehensive work done by my office were made available to him in a report rendered to the Governor on February 26, 1958. The Acting Commissioner of Investigations stated that "In testimony taken by the Grand Jury and by my staff, it has been disclosed that 30 officers out of a force of 54 had been involved in indictable crimes or other misconduct."

Points to Publicity
The wording of this phrase would lead the public to believe that the Grand Jury had failed to indict some officers who should have been indicted. This statement was published in glaring headlines throughout the State of New York, and the then Acting Commissioner of Investigations announced this fact in a state-wide television broadcast.

The truth of the matter is that his full report discloses that every officer who should have been indicted was indicted and in fact, the major portion of his report is a copy of the Grand Jury work. Such grossly reckless statements for publicity sake have seriously damaged the reputation of our community on a state-wide basis and innocent men have been forced to live under a cloud of suspicion where none should exist.

I am unable to see how the Acting Commissioner of Investigations arrived at the conclusion that 30 out of 54 policemen of our police force have been involved in indictable crimes or other misconduct. It will be interesting to see if he has produced any evidence of such misconduct or whether time, which is the great exposé of all frauds, will demonstrate that he was merely gambling for his own political advantage at the expense of public servants who have always served our city.

Asks Trial Results
The Grand Jury directed me to aid and assist your board in any way and to see that the information provided your board was properly acted upon. I would, therefore, appreciate it if you would supply me with the results of the departmental trial at the conclusions thereof. I can only reiterate to you that all dispatch should be used in bringing this matter to a speedy conclusion in order that the police force may once again return to normality. Too much time has already elapsed since the information was provided the Corporation Counsel.

I would likewise, be remiss if I did not pay tribute and express my appreciation to the various persons and organizations both from inside and outside the county who assisted me in my investigation of the Kingston Police Department.

\$100,000 Is Passed

posals to exclude the city from that portion of the cost of the system, were both Republican and Democratic city supervisors who had called a last minute joint caucus just prior to the opening of the session.

In moving for the amendment to the original resolution offered by W. Morton Bertrand (R), Shandaken, chairman of the two-way radio committee, and seconded by Supervisor George Majestic (D) of Gardiner, Supervisor Martin said he unequivocally believed in two-way radio and felt the city and county should enjoy it but he said it was unfair for the city to share in the cost of installing the fire department use, since the city now had its own system which it had paid for without county aid. He said the other city supervisors had also expressed a like idea. They had no objection to sharing the cost for the system used by the sheriff, Civil Defense and highway departments.

When the system is completed under the contract, which calls for completion in 120 days, a resident will report a fire in the usual manner to his own fire company. That company will then contact the control center and from there on assistance and instructions will be sent by radio direct to the fire trucks or to the fire department fire house.

The system will permit the sounding of an alarm from the central control console. One siren or a group of sirens may be sounded or in an emergency all may be sounded from the control point. The system will permit vocal instructions to be sent out or received from mobile units.

It was stated that it was expected 65 units would be provided with radio, representing some 40 fire companies and that practically all fire departments in the county would use the system.

Egg Market
NEW YORK (AP) — (USDA) — Wholesale egg prices were weak on smalls and mediums, steady on other offerings. Receipts 19,700.

Wholesale selling prices based on exchange and other volume sales.

New York spot quotations, including nearby:

Whites—Top quality (48-50 lbs) 47½-50½; mediums 33½-34½; smalls 22-23.

Browns—Top quality (48-50 lbs) 46½-48½; mediums 34-35; smalls 22-22½.

Butter Prices
NEW YORK (AP) — (USDA) — Butter steady, prices unchanged. Receipts 353,000.

Livestock Prices
BUFFALO, N. Y. (NYSBA) — (AP)—Closing livestock.

Saleable cattle 100, total 110. Steers and heifers: No arrivals. Dairy type slaughter cattle: Market steady. Bulk of commercial and standard cows 18.50-19.50, few 20.00; utility and cutters 16.50-18.50. Commercial dairy heifers 21.00-22.50; utility 18.50-19.50. Utility sausage bulls 23.50-24.00; top 24.50.

Saleable calves 120, total 120. Demand good, market steady. Choice 31.00-32.00; medium and good 28.00-30.00.

Saleable hogs 110, total 110. Market steady. No. 1 to 3 butchers, weighing 180-220 lbs 23.50-24.00; top 24.50; 230-250 lbs 22.50-23.50; 260-290 lbs 21.00-22.50. Good and choice 300-600 lb sows 16.00-19.00; top 2.00.

Saleable sheep and lambs none. Total 25.

General Electric, the only other bidder, submitted a bid for the system of \$99,538.00 and \$6,530 for a year's maintenance, a total of \$106,068.

When the system was previously put to bid General Electric was the low bidder at \$100,000 and with no maintenance included that figure and that bid was for a "broad band" system which was not approved by Civil Defense. The new system under specifications prepared by Major H. Edgar Timmerman, director of Civil Defense, is for an improved narrow band system which complies with CD requirements and permits matching federal funds. On the previous bids, which were rejected, Motorola bid \$101,500 without maintenance.

Following adoption of the resolution accepting the bid of Motorola, the board unanimously approved a \$95,000 ten year serial bonds and \$5,000 in capital notes.

Supervisor George Majestic (D), minority party member of the two-way radio committee, thanked the board for its action which he said came after several years of negotiations. The committee he said had more work to do in securing bids for the additional equipment required by the individual fire companies. He said there would be required 39 additional units which would be bought under contract and the cost be billed directly to the individual companies.

Hopes for One System
County Fire Coordinator Winfred Snyder of Hurley recalled that the move for two-way radio was instituted in October 1950 by the volunteer firemen. He said he was glad the board of supervisors was finally in accord with what the firemen were doing and had provided for the system. However, he said he felt the county firemen needed the City of Kingston would sometime need assistance from the county firemen and he hoped there might ultimately be one system.

Major Timmerman also thanked the board for its action and called attention to the importance of the system for CD. He said under present world conditions CD was kept in partial readiness for any emergency and he said while he hoped the system never would have to be used "for an enemy attack," he would feel "much better" when the system was working.

Supervisor A. Richard Terwilliger, a member of the two-way

radio committee, called attention to the board's rejection of bids a couple of months ago when the Republican members voted to reject bids and for revision of specifications and inclusion of a year's maintenance.

This move, Terwilliger said, had resulted in a saving of some \$11,000 on the basic bid and one year maintenance of the system was included in the present cost. Not only was a better system provided with some \$8,000 in maintenance but the county had been saved over \$2,800 on the improved system.

The plan provides for two base stations, one at Minnewaska and one on Tonchi mountain near Glenford. These stations will broadcast to the fire companies by micro-wave, signals which are transmitted from the control center by wire to the radio center on the water tower at the Tuberculosis Hospital. From the water tower all signals will be independent of wire connections and will go by air direct to the fire stations.

When the system is completed under the contract, which calls for completion in 120 days, a resident will report a fire in the usual manner to his own fire company. That company will then contact the control center and from there on assistance and instructions

Water Problem

PORTSMOUTH, Ohio (AP) — One of the biggest problems for firemen at the Gallia Street station here is, ironically, water. It's in the station's goldfish pond and it creates a problem because of what goes into it. Firemen say the most frequent visitors are (1) high school students pushed in by companions, (2) cats trying to get the goldfish, and (3) larger—and hungrier—fish put in by pranksters.

8 p. m.—Lake Katrine Grange meeting, Grange Hall.
Glascio Athletic Club Band rehearsal, Glascio clubrooms.
8:30 p. m.—Hyde Park Playhouse presents "The Big Knife." Through Aug. 9.

Test for Would-Be Actors

NEW YORK (AP)—Now comes an eight-hour test to help the stagestruck find out if they are really fitted for a theatrical career. The Bureau of Artistic Aptitude Testing has developed the examination for guidance of children and adults. The private service was set up by Ted Adair, a choreographer.

DRAMATIC READINGS—Ben Meyers, left, who directed the Friday and Saturday night dramatic readings under the sponsorship of the Woodstock Artists Association at the Art Gallery emphasizes a point to other members of the cast. From the left: Meyers, Sara Mulligan, Barbara McGrath and Franklin Alexander. (Freeman Photo).

Do You Remember by Sophie Miller

I wonder how many folks remember the "point system" by which we had to buy food during the war years.

I have a Kingston Daily Freeman of Thursday evening, June 10, 1943. We saved it because of a Kingston Point Park write-up and excursion. This paper also covers a few food markets.

In those days Planthaber's Market of 30 E. Strand was one of the leading food markets of Rondout and before that during the old boating days it did much business with the boat people. I think they had two entrances, one on the Strand and one on Ferry Street. They also had two telephones in 1943. They gave a list of prices such as margarine (five points) 2 packages 51 cents. Lard was the same number of points and cost two pounds at 39 cents. Mild store cheese was eight points and 35 cents a pound. Even Bartlett pears were 13 points for the large can and cost 28 cents. For coffee you had to give stamp number 24, and it was 31 cents a pound. Grapefruit juice was two points and corn was 14 points for two cans. Even marrow beans were four points for two pounds and it cost 25 cents. Such things as shredded wheat, soda crackers, stuffed or plain olives, dill pickles, lemons, onions, flour, tea, prunes, went without points.

When you got into the meat department your points really went. There was jumbo Thüringer summer bologna sliced by machine at 42 cents a pound and seven points. A pound of franks at 35 cents were six points. For liver at 42 cents a pound you had to give six points. Pickle and pimento loaf at 40 cents a pound took five points. Bacon was 45 cents a pound and eight points.

Some stores like the Grand Union grouped their products into the "not rationed" items like: peanut butter 12 ounce jar 23 cents; macaroni and spaghetti; dog food. I see baby foods were rationed, two points for the chopped and one point for the strained (three jars for 25 cents). Then we had to give red stamps J-K and L and M according to dates, for various items.

Under those I see they have one point for tall can of milk at 10 cents. Red salmon was eight points for a tall 16 ounce can at 40 cents. Then came the blue stamps K-L and M which were good at that date for such items as tomato juice, chili sauce, wax beans and peas. Boiled ham was 11 points per pound and a quarter of a pound cost 19 cents. Bacon was seven points a pound and it cost 35 cents a pound. You had to think of money value, point value, vitamin value. It is hard to believe now. Of course the grocer had his problem. He had to keep a special bookkeeping system and glue all those curly pasty little stamps on a card or book at the end of the day.

Fresh sea food was not rationed. Codfish steaks were selling for 29 cents a pound. Fresh Boston mackerel was going for 17 cents a pound. Of course you could eat out in which case you did not have to give your points. Sugar was a big item with many of us. I remember I used molasses in my coffee as long as it was not the unsulfured kind. The Ration Board had many days of complaints and I remember they tried to please everybody. It was really remarkable. No doubt they could sit down now and tell about it with a smile but then it was not a bit funny to those who did not understand it, those who needed more stamps and all the other organized chaos that went with it during buying and shopping.

Something in Common

LITTLE ROCK, Ark. (AP)—In a period of three months, Sharon McWilliams, 10, her sister, Diana, 11, and brother, Alan, 8, each had to be hustled to a hospital for an emergency appendectomy. The Roy O. McWilliams family has no explanation for the one-month surgery since none of the children had any previous history of appendicitis.

Births

The city registrar recently recorded the following births:

July 19—Dolores Marie to Mr. and Mrs. Lavoid Coddington, Route 1, Stone Ridge, and James Robin to Mr. and Mrs. Robert Daniel Williams, 22 Linderman Avenue.

July 20—Donna Lyne to Mr. and Mrs. Peter Martin, 37 Franklin Street.

July 21—Timothy Brian to Mr. and Mrs. John Patrick Craven, RD Box 172, Woodstock; Allison Louise to Mr. and Mrs. Ernest Ellsworth Stevens, Lake Katrine; Lisbeth Lee to Mr. and Mrs. Richard B. Skala, Leggs Mills Road, Lake Katrine; Lea Christie to Mr. and Mrs. James Carson Hutchins, Woodstock; Trudy Ellen to Mr. and Mrs. William Albert Curtis, Route 1, Box 175, Saugerties; Kevin Joseph to Mr. and Mrs. Norman Menrad, 131 Abel Street, and Donald Alan to Mr. and Mrs. Donald Robert Bridge, 322 Albany Avenue.

July 22—Danny Jay to Mr. and Mrs. Donald Joseph Martin, 38 Pine Grove Avenue, and Dinamure to Mr. and Mrs. Roger Bell, 120 Fair Street.

Cost of Hayriding Rises

LIVINGSTON, N. J. (AP)—The old-fashioned hayride is slowly dwindling off into history hereabouts. Both the hay and the ride are too expensive. Mr. and Mrs. Albert Rousch, one of the last to offer rides, are dismantling their wagons, citing such costs as \$25 to shoe a horse and \$45 for a ton of hay. They sold their four horses "because it was costing us more to feed them than to feed us," said Mrs. Rousch.

WHEN'S THE TIME TO BUY A CAR?

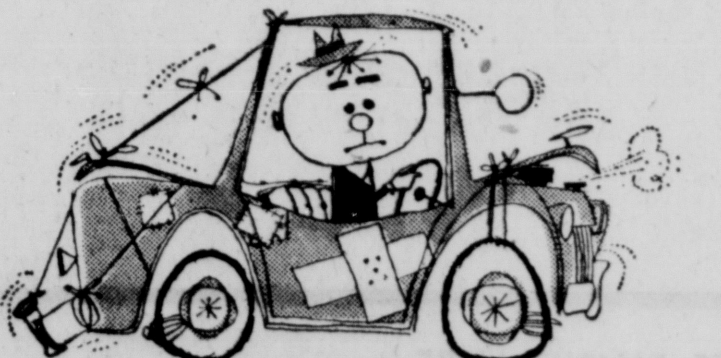

"WHEN I CAN AFFORD IT!"
Tek, tsik! Too bad he hasn't checked up on car prices lately. He'd find that Ford is the lowest priced* of the best-selling three!

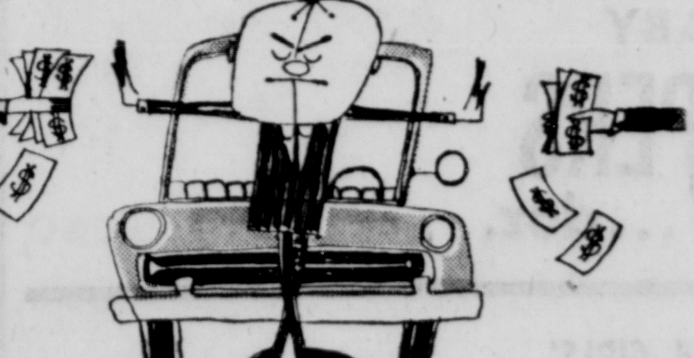

"WHEN THEY INVENT A CAR THAT DOESN'T NEED GAS!"

Gracious! The gentleman obviously hasn't heard about Ford's Mileage Maker Six—the modern short-stroke, low-friction Six that delivered the most miles per gallon in Class A in the last two Mobilgas Economy Runs!

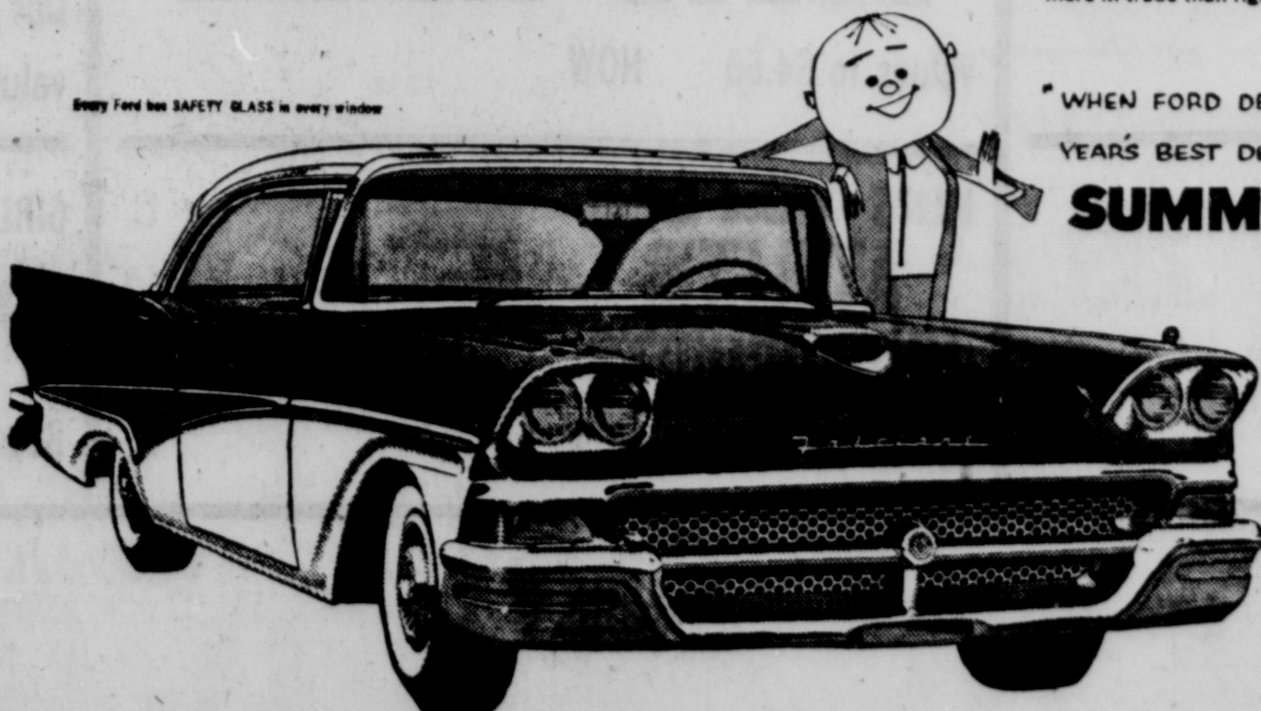

"WHEN THE OLD CARS HAD IT!"

But it has... and so has his budget. If he could only have back all the money he's been paying out (and is going to pay out) in repair bills... he could be the proud owner right now of a built-for-keeps 58 Ford!

"WHEN MY PRESENT CAR IS WORTH MORE!"

Poor man. He's not only missing out on summer driving in a Thunderbird-inspired Ford... he's missing out on money! Doesn't he know that his present car will NEVER be worth more in trade than right NOW!

"WHEN FORD DEALERS ARE GIVING THE YEARS' BEST DEALS DURING FORD'S SUMMER TRADING PICNIC!"

Smart fellow! He's buying NOW while Ford Dealers are holding their Summer Trading Picnic and giving the longest deals and the highest trades ever... and while the selection of models and colors is best. What's more, he'll find that Ford is the lowest priced* of the best-selling three! Why don't you join him at your friendly Ford Dealer's?

Will Ask Court To Condemn Land For Power Plans

By The Associated Press
NEW YORK (AP) — The State Power Authority will ask the Federal District Court in Buffalo tomorrow to condemn land of the Tuscarora Indians for the Niagara power project.

The U. S. Court of Appeals held 2 to 1 last Thursday that the authority had picked the wrong law to condemn the Indians' land.

The court said the authority erred in attempting to acquire the land by appropriation under the New York Public Authorities Law of 1958, the New York Condemnation Law and Section 30 of the State Highway Law.

Request Speed
The district court, in the event that the power authority desires to exercise its right of eminent domain in that court, is requested

to expedite all proceedings as possible," the decision said.

Robert Moses, authority chairman, said today:

"The sensible thing for us to do is to follow the court's suggestion immediately."

"While we believe that the majority of the court was wrong in holding that the 'appropriation' method was not a proper one," Moses said, "we must acquire possession of the Indian land as soon as possible because project construction is already retarded."

He added: "We must put transmission lines on the reservation immediately and follow with other essential work."

The appeals court also had reinstated a complaint by the Indian nation against the authority and continued a stay barring the authority from clearing timber or buildings from any of the 4,329-acre reservation in Niagara County.

29 Families on Land

Twenty-nine Tuscarora families live on the 1,343 acres of farm land that the authority wants for the power project reservoir.

Moses said the authority was passing a resolution today authorizing the institution of proceedings to acquire the property by eminent domain in the U. S. District Court in Buffalo.

Two Are Killed

ST. CATHARINES, Ont. (AP)—Two men were killed Monday night in a two-car crash at an intersection on the Queen Elizabeth Way here.

They were George Longley and William McDonagh, 19, both of St. Catharines.

TAVERN LANDMARK SOLD FOR SCHOOL

SITE—Schuler's Inn, 487 Delaware Avenue, owned by Raymond J. Schuler, has been purchased by the Immaculate Conception Roman Catholic Church and the site will be used for construction of a new parochial school. Schuler has owned the tavern, reportedly one of the oldest buildings on Delaware Avenue, since 1946.

He said today he plans to continue in the same business when he acquires a new location. The Rev. Joseph Siczek, pastor of Immaculate Conception Church, said plans for the new school will be announced in the near future following a meeting with representatives from the Chancery office of the archdiocese of New York. (Freeman photo).

Bridge Workman Dies in 140 Foot Fall at Castleton

CASTLETON, N. Y. (AP) — A board gave way under a young workman Monday, dropping him 140 feet to his death from a Thruway bridge being built over the Hudson River.

The victim was John Lewis, 18, of Albany, who was graduated from high school in June and planned to enter Villanova University in the fall.

A coroner said Lewis was building supports for forms on the deck of the bridge when the board gave way. He struck the ground on the east side of the river.

He was employed as a laborer by the Cayuga Foundation Corp. of New York City. The company is laying the concrete deck on the bridge, which will carry the Thruway's Berkshire spur over the Hudson.

Leaves From Boyle's Notebook

By HAL BOYLE
NEW YORK (AP) — Unlike many professional comedians, Henny Youngman doesn't discourage newcomers from trying to find a career in the yuk industry.

"People say 'Cut out the comedy,'" he remarked. "But don't believe them. There's a million dollars in it if you can make enough people laugh."

"In what other business can you make a million dollars—and carry your inventory in your head?"

Youngman, celebrating his 25th year as a one-man gag factory, has long been known in the trade as one willing to help a talented

young beginner find his way around.

How to Start

What does it take to get started as a comedian today?

"The thing you need most today is wealthy parents, or a do-it-yourself comedy kit consisting of \$50,000 in the bank," said Henny.

"You start out by telling jokes until you become the life of any party you attend. Then someone will tell you, 'You're a riot. You ought to be on the stage.'"

"After that you go to a dictation school and learn to talk with your mouth full of marbles. Each day you drop one marble. When you've lost all your marbles, you'll be a comic."

Buying a Routine

"Then you take your \$50,000 out of the bank and spend it buying fresh jokes, costumes, building a number of routines, and finding an agent. By the time you've spent the \$50,000 you should be working — or else you'll never laugh again."

Henny has an unfair advantage over most comedians. He was born in Brooklyn. But he insists he became a comic in self-defense.

"I was a fiddler in a dance band, and a lousy one," he admitted. "The couples used to make comments on my playing as they danced by, and I started to wisecrack back. Things just went on from there. I used my bow less and less — and my mouth more."

Going Out Cold

Henny is what is known as a standup comedian. They have one of the toughest jobs in show business—to go out cold on a stage, without props or plot, and make an audience of strangers laugh, whether they want to or not. This is an art which even Jackie Gleason, one of the most astute situation comedians of his day, has never quite mastered.

"There are very few bombshell or buff comedians around now—such as Milton Berle, Red Skelton and Bob Hope," said Henny.

"It's a new age of comedy—the age of charm. The tippee comedians have taken over. They have crew cuts and the little-boy appeal."

'Lightweight Charmers'

"They are lightweight charmers and they get light laughs. They don't have to be hilariously funny—just charming and pleasant. The audience loves them, so anything they say is funny."

Youngman isn't bitter about the change. Just philosophical. He feels there will always be room for a few rapid-fire old-timers such as himself.

Henny has noted one other major change in recent years.

"Men used to be the biggest hecklers in night clubs," he said. "Now it's the women."

"I suppose it's a reaction against being held back for so many years. But when a group of them go into a night club they want to be heard — they want everyone to know they are there, and spending a few bucks."

Heckler Stoppers

Here are a few remarks Henny uses to silence obstreperous women who try to get into the act:

"Some women bring happiness wherever they go. But you bring happiness whenever you go."

"If Moses had seen you, there'd have been another commandment."

"But you have to be careful in squelching women," said Henny. "You try to kid them, not murder them."

"They might have a big escort along."

Hedge Apple Use Is Discovered — And Trouble, Too

CARTHAGE, Mo. (AP) — All Kenneth Welch wanted to do was find a commercial use for the hedge apple. But that was before he reckoned with the revenooers.

No one had ever found any use for the hedge apple. Welch, a 40-year-old stonecutter, thought he would try boiling the fruit.

His experiments led him to believe that from a ton of hedge apples he could get 67 pounds of vegetable oil, 24 pounds of an antioxidant compound for use as a food preservative, 309 pounds of high protein dried pulp good for cattle feed, and 20 gallons of ethyl alcohol.

He Tells All

Ah, alcohol. That's where the rub came. A good citizen, Welch figured that since alcohol was one of the products, he had better tell the federal alcohol tax people what he was about.

"The alcohol wasn't what I was after," he relates, "but they couldn't understand what I was doing. I believe they thought I was some kind of bootlegger."

"They confiscated all the alcohol, dumped out all my experiments and told me I couldn't do any more experimenting under any circumstances. They took all my equipment, too, including my wife's pressure cooker."

Then the government sent a bill for \$111.53 — taxes on the alcohol he had produced.

Still Sparring

That was about two years ago, and Welch says he's still sparring with the alcohol tax people.

"One assistant U.S. attorney said I'd caused him more trouble than any man he'd ever dealt with," Welch says, not without a note of pride.

Welch's friends carried his story to Rep. Charles Brown (D-Mo.), whose protests drew, among other things, a suggestion that Welch's difficulty stemmed from failure to qualify in a lawful manner as a distiller. The official suggested that Welch post a bond.

Other results:

1. Welch got a letter from the

regional tax office in Omaha advising the bond should be at least \$3,000 or \$10.50 per proof gallon for any alcohol produced in a 15-day period.

2. The government sent a report that his alcohol tested 157.9 and 126.8 proof.

3. Mrs. Welch got back her pressure cooker.

Welch allows that if he had it to do all over again, "Darned if I wouldn't keep my mouth shut about it until I had it done."

Truck Driver Dies At Wheel of Truck

POUGHKEEPSIE, N. Y. (AP)—Thomas Rugane, 53, of Middletown, died at the wheel of his truck Monday, apparently after a heart attack.

The truck jumped the sidewalk on Church Street but came to a stop without doing any damage. Rugane was a driver for the Hershey Ice Cream Co. of Harrisburg, Pa.

HICKORY CURED . . . ?

Folks used to think rheumatism could be cured by carrying a hickory nut. Today, we laugh at these old wives' remedies. We have so many reliable, quick-acting medications now. Medical discoveries in recent years have eliminated or greatly eased untold pain and suffering. But, remember—most medicines should be used only upon the advice of your physician. When you or a member of your family become ill, see your doctor first. Then come to us for the medicine he prescribes.

COMPOUNDING CONFUSION

A confused investor sought "expert" counsel. He spent \$15 getting the advice of five services. Two cost \$5 each, one \$3 and two \$1. When they arrived, he read them all carefully. None saw eye-to-eye. Two recommended the sale of a stock he owned; two advised him to buy it.

Thus, his confusion was compounded. His bewilderment is deeper than ever. In such a frame of mind, he will do nothing with his idle money. Resolving his dilemma will necessitate a complete overhauling of his mental processes.

The greatest need among American investors today is for a simple formula for intelligent guidance. Charts and graphs with their complicated interpretation are just too puzzling for the average person. Even stock price averages that govern the activities of many professionals only confound most amateur investors.

In economic America the areas of corporate earnings and dividends and of employment and salaries have much in common. I shall illustrate:

In 1940, a young man of 26 got a bank job at \$2,800 a year. Today, he is an assistant vice president getting \$12,000 a year. His earnings have been steadily climbing for 18 years. Standards of living have improved due to the stability of his employment. His budget is well-ordered because he can count on his yearly salary.

Now when an investor buys a sound stock for income and growth, he should select equities that from the standpoint of dependable earnings and dividends are comparable to the affairs of this bank officer. Is that possible? Yes...hundreds of times over.

Most nationally-known business enterprises employ firms of Certified Public Accountants to make independent audits. The accounting profession, speaking generally, operates on a high ethical plane. Its procedures follow stern avenues of conduct. Depreciation and depreciation charges and the many other cost schedules are rigidly and honestly administered.

As a result, when an accounting firm has rendered its profit

verdict, investors may safely base their decision on it.

In the offices of most New York Stock Exchange firms from New England to California and from Maine to Florida, authentic statistical books are on file that carry the professional audits of the country's leading C.P.A. firms. I doubt if 5 per cent of American investors study these reports before buying stocks.

If a \$12,000 a year bank officer were thinking of buying a \$50,000 home in an exclusive community, one of the first things the real estate seller would inquire into would be the financial ability and stability of this executive.

Dependable information dating back decades can be had by any investor thinking of buying a sound stock for income and appreciation.

I wish many investors would consider New York Stock Exchange firms' offices as sort of financial libraries where such things as management competence, production efficiency, sales power, earning records and dividend policies could be studied.

If that were the case, much of the professional hocus-pocus about the stock market would be removed, and the compounding of confusion might come to an end.

The Forum

(Q) "Someone has suggested that I buy shares of American Telephone and Telegraph. Should I?"

E.B.H.

(A) Visit a stock brokerage office. Examine carefully the earnings and dividend record of this company covering the period from 1932 through 1957. Then make your own decision.

16 Schenectady

Greene, Sullivan and Delaware counties.

During his stop in Kingston Rockefeller, who is chairman of the legislative committee for simplifying and amending the constitution, said he was "happy to be here where it all started," referring to the fact that it was in Kingston in Revolutionary days that the State Constitution was adopted and the first session of the state legislature held. Rockefeller said he had been named to that committee by Senator Mahoney "for whom I have the highest respect and admiration."

Goes to Schenectady

After the luncheon Rockefeller, accompanied by his son Steven Rockefeller and Assemblyman Malcolm Wilson of Westchester, left for Schenectady.

Rockefeller said this was not his first visit to Kingston. He had been here at various times with his son and daughter, Mary who was a student at Vassar College in Poughkeepsie. His daughter is now working in the New York City campaign headquarters, he said.

Among those attending the reception besides the county leaders were N. LeVan Haver, city of Kingston chairman; Jesse McHugh, majority leader of the board of supervisors; Chairman Charles Relyea, Hurley supervisor; Robert A. Snyder of Saugerties, secretary of the county central committee and clerk of the board of supervisors; County Judge Louis C. Bruhn; Surrogate Charles Gaffney; Deputy County Commissioner of Public Welfare Bernhard Kramer; Attorneys John Egan, Harry Gold and several other local leaders.

Financial and Commercial

NEW YORK (AP)—Industries lost ground in a fairly active stock market early this afternoon. As the market dipped on average, key stocks showed losses running from fractions to more than a point. Rails and utilities held ground fairly well.

Quite a few pivotal issues traded about unchanged and there was a fair assortment of gainers. Trading was heavy at the start. The ticker tape fell behind for seven minutes.

Some first half earnings reports were sharply below the 1957 figures, notably among oils and Kennecott Copper which fell about 2 points.

Oils, steels, nonferrous metals, rubbers and chemicals were generally lower.

Standard Oil (New Jersey) and Socomey-Mobil, whose earnings were down, dropped fair-sized fractions. Royal Dutch fell about a point.

Chrysler canceled a fractional gain. Bethlehem eased but Jones & Laughlin pushed ahead fractionally.

Lorillard picked up a point and General Dynamics more than that. Caterpillar fell well over a point.

Missouri-Kansas-Texas preferred ran up about six points on news that the ICC had given qualified approval to a plan for exchanging debentures for preferred stock. M-K-T common rose about a point.

U.S. government bonds continued to decline.

School Meeting Tonight

A meeting of trustees of 25 rural school districts involved in the proposed enlarged city consolidation will meet at 7:30 o'clock today at Hurley School No. 4. John Vines, chairman of the Rural Consolidation Committee said plans for the rural areas would be discussed.

IN THE Service

JOSEPH MEDVE JR.

Seaman Joseph Medve Jr., son of Mr. and Mrs. J. Medve of 176 Elmendorf Street, is now at the U. S. Naval Receiving Station, Norfolk, Va., awaiting transfer.

MAJOR WILLIAM J. BURKE

A manager of the security department of International Business Machines Corporation, Kingston, Major William J. Burke of Lake Katrine has been instructing gunnery at Fort Sill, Okla., during his vacation. An army reservist of 16 years of commissioned service, he has been at a special Army Reserve artillery summer school at Fort Sill Artillery and Missile Center.

LEWIS G. McMAHON

Recently designated Squadron Airman of the Month, A/3c Lewis G. McMahon, son of Mr. and Mrs. Lester McMahon of Rifton, is stationed at Bent Waters, England with the 81st Support Group.

Stationed in Germany

Army PFC Thomas J. Walkiewicz, son of Mr. and Mrs. John Walkiewicz, 71 Center Street, Ellenville, recently participated in a field training exercise with the 8th Infantry Divisions Artillery, Baumholder, Germany. Walkiewicz, a specialist in the artillery's Headquarters Battery, entered the Army in May, 1957, completed basic training at Fort Riley, Kan., and arrived in Europe the following December. The 23-year-old soldier is a 1953 graduate of Livingston Manor Central High School and is a former employee of Channel Master Corp.

Increased Truck

East Chester Street when the 9W by-pass there was first opened. It was decided several years ago to limit trucks to one-way travel at night on the by-pass, but the Common Council voided a restrictive measure not too long after it was adopted. Delays in obtaining right-of-way for the road connecting 9W and the bridge approach held up start of construction, and the spur was not completed in time for the bridge opening.

Flatbush Avenue and Route 32 are now the main roads to the western approach, but the Tuxtenbridge Road, north of the city, is used to some extent. It joins Route 32 just north of the bridge approach road. A spokesman for the bridge authority said today that work is progressing satisfactorily on the connecting spur. The Grandview Construction Corp., contractor, is also building a road connecting the eastern approach of the Rip Van Winkle Bridge, Catskill, with Route 9. About 75 per cent of the concrete is poured there, and finishing work is in progress for start of pouring on the 9W spur.

Angels Indexed

NEW YORK (AP)—Broadway's angels have been indexed. A directory of show investors has been compiled by Steve Keegan. Covering theatrical productions of the last decade, it itemizes those who invested a total of more than 25 million dollars.

YOUR POCKETBOOK

It Doesn't Take Cash These Days — Just a Credit Card

By FAYE HENLE

Jingle the coins in your pocket. Bet they don't add up to more than 100 cents.

Want to know something? You've enough cash in that pocket to slam your door, hop a plane and circle the globe in grand style.

It's been done. How? The answer is credit cards, on-the-cuff living.

It is not necessarily the top executives who carry credit cards today.

Time was when the credit card was a snob item, a symbol of status. But now it is rapidly becoming commonplace.

Among credit card companies today the problem is not so much one of just selling a credit card, but of having a credit card offering such a wide range of services that it will be "the" credit card.

This credit card totting is most revealing of our way of life. To a considerable measure we are overbought on the big ticket items. Indeed, we have been liberated by many of them.

The hours you save cutting your lawn because you now have a power lawn mower may be hours spent buying leisure time services. We've gotten accustomed to buying merchandise before we had the cash to pay for it. It's no great transition now

to buy the services we want and pay later.

The convenience of credit cards has become a fact and that is one reason their scope is being widened to include just about everything from a local phone call to a trip to Istanbul.

The credit card has fast become a businessman's tool, its growth here accelerated by the Internal Revenue ruling on expense accounts which are estimated to affect some 20,000,000 people. Employers who must report employees' expenses welcome the automatic bookkeeping provided by credit card records — and the fact that expense account padding is fast being relegated to history.

Whether for convenience or for prestige purposes, Mr. Average American is fast grabbing for a credit card. Some say that having a credit card assures one a better service, others claim it is a relief to go traveling, even for the weekend, and not be bothered worrying about misplacing cash.

Others point out that if they unexpectedly see some item they would like to buy and do not have the cash in their pockets, they can charge it with a credit card.

Credit cards aren't just growing into the realm of big business, they are helping promote more business in a year when this is sorely needed.

No Promise

he called Hall's attacks as the "weapon of a desperate man."

Young said Hall's campaign had become unethical to the point of injuring the Republicans and remarked:

"Every time Mr. Hall opens his mouth, Mr. Rockefeller gains another county."

Rockefeller moved into Elizabeth today for luncheon with Essex County leaders. He was to meet with Warren County delegates at a dinner near Lake George tonight.

Ave Likes Dickinson

Meanwhile, the Democrats had a third candidate, Commerce Commissioner Edward T. Dickinson, seeking the party's nomination for the U. S. Senate.

Dickinson's announcement of his candidacy Monday drew favorable comment from Harriman, who said Dickinson was "the best commissioner of commerce the state has ever had."

"As I have pointed out before," Harriman said, "the Democratic party is fortunate in having a number of men well qualified to serve as senator."

Former postmaster general James A. Farley and Thomas K. Finletter, one-time Air Force secretary, previously had announced and Mayor Robert F. Wagner of New York City is considered a strong possibility.

Gets GOP Blast

Dickinson's move drew criticism from L. Judson Morhouse, GOP state chairman.

He said Dickinson had done nothing to help the state's economy, had "used the office for a personal political buildup" and had "out-moaned Mr. Harriman in the Democratic gloom-and-doom act."

Dickinson told a news conference he would not be running "if the governor had not approved of it." He said both DeSapio and Prendergast, the party's state chairman, had encouraged the move but made no commitments.

Daniel J. Riesner, president of the National Republican Club, said that "at the strategic moment Gov. Harriman will manipulate the political strings that will throw the (Senate) nomination to Bob Wagner."

In an interview on a New York City radio program, Riesner said Harriman lured Farley and Finletter into "a mousetrap play which will eliminate both from contention . . . and will result in a carefully plotted draft movement" for Wagner.

Riesner's club has headquarters in Manhattan, and its membership is predominantly from the New York metropolitan area.

So far there is no announced candidate for the Republican nomination for senator.

Treasury Receipts

WASHINGTON (AP)—The cash position of the Treasury July 24:

Ruth Millett

Look Twice at Mom-in-Law; She's Somebody's Mother

Over the years I have received a lot of letters from wives discussing their mothers-in-law, some praising them and some blaming them for most of their troubles.

The interesting thing about the letters is that, almost always, the wife who has mother-in-law trouble refers to her husband's mother as "my mother-in-law."

But the women who write to praise a mother-in-law nearly always refer to her as "my husband's mother."

Isn't there a possibility that a wife determines, to some extent, what her relationship to her mother-in-law is going to be like by the way she starts out thinking about her?

If the moment she marries, a bride starts thinking of her husband's mother as "my mother-in-law," the relationship may have a strike against it just from the

Blast Damage Noted In Several Areas

Complaints of a blast, which police listed as set off in the quarry of the Callanan Road Improvement Co., South Rondout, came from several areas of the city yesterday afternoon, and two complaints reported damage.

Henry Dreiser, of Pine Grove Avenue, reported three walls damaged, and Mrs. F. E. McDonough, of 64 West Pierpont Street, said a section of cellar ceiling fell.

Other complaints came from Broadway, Warren, Green, Sterling, Pine, Trenton and West Pierpont streets. The blast was reported also at the city hall.

Prime Minister...

mander, Gen. Fuad Shehab, will be elected to succeed pro-Western President Camille Chamoun.

Osseyran said Shehab would get a virtually unanimous vote when Parliament meets to elect a president Thursday.

Shehab has been mentioned as a compromise candidate, but until now censors had eliminated such mention of him in dispatches from Beirut.

If the rebels and the government supporters do unite behind Shehab, he may be able to end the 81-day-old rebellion of anti-Chamoun forces who opposed his Western leanings and reported ambitions for a second term. An end to the rebellion presumably would result in the withdrawal of U.S. troops from Lebanon.

Fighting Continues

Despite the mounting signs of political truce, there was fighting Monday four miles northeast of Lebanon's northern seaport of Tripoli, around the town of Zagharta.

Two families, the Frangieh and the Duwaihys, were involved. They have had a long-standing feud and now have split over politics, the Duwaihys favoring the Chamoun government and the Frangieh opposing it.

Jordan made new charges against the Syrian province of President Nasser's United Arab Republic. The Jordanian government said security forces had seized "large quantities of arms, ammunition and explosives" last night near the Syrian border.

Coffee in Flareup

Castor Melendez, 21, of 619 Delaware Avenue, was arrested yesterday afternoon on a third degree assault charge after some alleged coffee throwing at the Trailways Terminal Restaurant, 495 Broadway. He failed to appear before City Judge Aaron E. Klein today and \$100 bail was forfeited. A bench warrant was also issued to bring him to court. The complainant was George Maouris, alleged victim of the coffee tossing, and a restaurant employee.

Plattekill Lions To Hear Lecture On Tree Removal

Tree removals along state highways in seven counties of New York State will be the lecture given by Elias J. Beach of New York State Department of Public Works to Plattekill Lions Club members, officers and friends.

The lecture, complemented with colored slides, will be given Wednesday, Aug. 6, 8:30 o'clock, at Oddo House, Clintondale.

Landscape Engineer

Beach is a landscape engineer and architect of District 8 working out of the Poughkeepsie district office, Dutchess turnpike.

Prepared and compiled by Beach to help underscore the need for tree removals "to ensure safety to highway users," the colored slides were filmed in Dutchess, Orange, Ulster, Putnam, Columbia, Rockland and Westchester counties.

The slides tell a picture story of "why" and "how" trees have been removed. Based on the concept of examining the needs of a safety tree removal program the lecture is designed to help taxpayers understand the need of such a program.

"Our landscape bureau is attempting to inform taxpayers of our service," Beach said, complaining that homeowners do not understand the true purpose of the landscape bureau's program, as they lodge complaints at the Dutchess Turnpike office.

The lecturer's topic is entitled "Why Tree Removals Are Necessary," and is presented by the New York State Department of Public Works as a courtesy service to any program chairman.

"Anyone wishing further information about presenting Beach as our lecturer can con-

tact the New York State Department of Public Works, Pleasant Valley Road, "Town of Poughkeepsie, for available dates," said Nicholas Sinicori, assistant district engineer.

Available for Lectures

Arrangements for the lecture may be made by contacting area resident engineers. Dutchess County resident engineers are Raymond Michaels, Poughkeepsie and Floyd Miller, Pawling. John Meara, Kingston, serves Ulster County. Daniel Brown, Newburgh and Charles Vogt, Middletown represent Orange County.

President Ony P. Orlowski of Plattekill Lions Club will introduce the speaker after the dinner.

State Officials

996 in the corresponding 1957 period.

The personal income tax is imposed on income during the 1957 calendar year. Corporations are taxed on 1957 profits and, in the case of companies whose business year carries into 1958, on profits in the first three months of 1958.

Personal income taxes were raised this year when Harriman and the Republican-run Legislature agreed to drop the 40-million-dollar rebate in effect the previous two years. Administration sources, however, could not estimate how much of the tax increase resulted from this move.

First-quarter receipts also included state taxes on pari-mutuel betting, cigarettes, alcoholic beverages, stock transfers, utilities, motor fuel, truck mileage and unincorporated businesses.

Warns of Penalty For Late Tax Return

With increased postal rates going into effect on August 1, Federal taxpayers should make certain that envelopes containing returns or payments carry sufficient postage, it was pointed out today by District Director of Internal Revenue James A. O'Hara. (The Post Office advises that envelopes with insufficient postage will be returned to the sender.)

The tax official said that a return which does not reach a district office when originally due or within a period of extension, deferment or postponement is subject to a penalty for late filing unless the delay is due to a reasonable cause. The penalty is 5 per cent for each month (or fraction of a month) that the return is late but not more than 25 per cent.

Penn Turnpike Crash Fatal to Two Youths

LANSDALE, Pa. (AP)—A crash on the Pennsylvania Turnpike Monday claimed the lives of two youths from Geneva, N. Y.

Their automobile hit an abutment and burst into flames, trapping them in the burning wreck.

David Nyce, 16, died in the car. His companion, Frank Stern, 20, died later in a hospital.

Pallbearer Killed

ROCHESTER, N. Y. (AP)—Charles Lazation served as pallbearer Monday at the funeral of a boyhood chum who shot himself. A few hours later he, too, was dead.

Lazation, 29, an unemployed factory worker, was killed on his way home to nearby Churchville. His automobile crashed into a concrete culvert.

Shot Before It Was Born

Summit Meeting Was Mess When It Started

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The summit meeting, which now looks dead, was a mixed-up mess before it had a chance to start. This is an explanation of how it was shot before it was born.

Soviet Premier Khrushchev on July 19 called for a summit meeting to restore stability to the Middle East. This was after American and British troops moved into Lebanon and Jordan at the request of the heads of those governments.

He called the American-British action a threat to world peace. He suggested the United States, the Soviet Union, Britain, France and India take part in the meeting. The place? He proposed Geneva, Washington, anywhere.

By thus putting the Soviet Union in the role of peacemaker, he gave the Soviets a propaganda advantage. The West couldn't ignore it.

An Important Point
British Prime Minister Harold Macmillan agreed to the meeting July 22 but suggested it be held in the United Nations Security Council in New York. And he made a very important point:

He suggested that the big powers should not—as is usual in the Council—vote on the problems discussed, but rather that they try to reach agreement without voting.

(The United States, Britain, France and the Soviet Union—but not India—are permanent members of the Council. They have regular delegates sitting in for them. If a summit meeting was held in the Council the delegates would just turn their seats over to the heads of their governments.)

It was widely reported the Eisenhower administration wanted no part of a summit meeting but was pushed into reluctant agreement by the British. President Eisenhower wrote a very angry letter to Khrushchev. But, in effect, he appeared to agree without saying so flatly to a summit meeting in the Council.

But French Prime Minister Charles de Gaulle didn't go along with Macmillan and Eisenhower. He thought the big powers' delegates in the Council should continue to try to reach some agreement on the Middle East, with a summit conference held elsewhere if it were needed.

On July 23 Khrushchev shot back a fast acceptance of the Eisenhower-Macmillan proposals, agreed to go to New York, and agreed with Macmillan that the meeting should try to reach agreements without voting.

He even suggested the heads of government might be able to get things done in an unofficial way. Which might mean: they could sit in public in the Council for a while but do their real arguing and agreeing behind closed doors.

But he again proposed that India sit in and that the Arab states should take part in the discussion. Under the Council rules any U. N. member not on the Council can ask to be heard in any discussion involving its area. Therefore, as de Gaulle later pointed out, if the Arabs could talk before the Council on the Middle East, Israel, Turkey, Iran and others would have the same right.

Sees Free for All
If the discussion went further than the Middle East, other nations would want to be heard. In short, as he said, this would no longer be just a summit meeting.

In fact, it could turn into a free-for-all.

On July 25 Eisenhower wrote Khrushchev another letter. He added something which he hadn't mentioned before. He said any summit meeting in the Security Council should be governed by rules of the Council.

Presumably this meant voting, which was just the opposite of what Macmillan and Khrushchev had talked of. Eisenhower went further: before there was a summit meeting in the Council, he said, the big powers' delegates there should work out arrangements for the conference.

De Gaulle Disagrees

Macmillan went along with Eisenhower—to the extent of saying the delegates should make the summit arrangements. But de Gaulle still wouldn't go along. He suggested a summit meeting limited to the big powers somewhere in Europe.

Khrushchev accused Eisenhower and Macmillan—with their proposal that the delegates arrange the meeting—of trying to stall off any summit meeting at all. He said those same delegates have been unable to agree on what to do about the Middle East.

And he switched from his agreement to go to New York. Teaming up with de Gaulle's idea, he proposed Monday that the big powers meet in Europe.

The White House said Eisenhower still sticks to his idea about having the meeting in the Security Council the way he proposed. That about wraps it up.

Two of Tug Crew Injured in Explosion

BUFFALO, N. Y. (AP)—The pilot and mechanic of a supply tug boat were injured Monday by an explosion and fire in the engine room.

The pilot, 24-year-old Thomas LaDuca, was in fair condition at a hospital. The mechanic, Arthur McGregor, 69, was critical. They leaped from the 40-foot boat into Buffalo harbor to put out flames burning their clothing. The cause of the blast was not determined.

Firemen estimated damage to the boat at \$1,000.

Steel Production Is Up in Buffalo Area

BUFFALO, N. Y. (AP)—Steel production in the Buffalo area rose to 48.9 per cent of rated capacity today.

The Bethlehem Steel Co. relighted the 14th of its 35 steelmaking open hearth furnaces at the Lackawanna plant.

Republic Steel Corp. has four of its nine open hearths running, and the Wickwire Spencer Steel Division of the Colorado Fuel & Iron Corp. is operating two of its three.

Cites Iraq, U. A. R. Link

CAIRO (AP)—The United Arab Republic's military commander says the Iraqi army is cooperating with the U.A.R. army to strengthen Arab nationalism.

Field Marshal Abdel Hamik Amer made the statement Monday to U.A.R. troops on the Israeli frontier after a training exercise with live ammunition.

Killed by Tractor

HORNELL, N. Y. (AP)—A 51-year-old farmer was killed Monday when the tractor he was using to pull a haybaler down a hill on his farm near here overturned and crushed him. He was Myles C. Ellis.

AMERICAN MENU

Station Wagon Vagabonds Have Built-in Picnic Table

By GAYNOR MADDOX

NEA Food and Markets Editor

Pile the family and the picnic, lunch basket into the station wagon, then drive off to a shady glen, to the shore or any other place to take your mind off the heat.

When the gang is hungry, stop the car, let down the tailgate. It makes a large flat surface for picnic lunch. Cover it with a checkered cloth. No cooking at this picnic, but there's pleasant and substantial fare.

Menu: Crusty French bread, cheese, canned pate (ham or liver), vacuum bottle of hot coffee or tea for adults, chocolate picnic shake or fresh fruit punch in vacuum bottle for youngsters, vagabond cookies, fresh fruit.

When ready to eat, set out paper plates, cups, napkins and food. Have a bread board and sharp knife for cutting the bread, cheese and fruit.

Vagabond Cookies

(Yield: about 4 dozen)

One-half cup shortening, 1 teaspoon vanilla, ¼ cup sugar, 1 teaspoon cinnamon, 1 cup ¾ cup honey, 1½ cups sifted all-purpose flour, 1 teaspoon baking powder, ½ teaspoon salt, 1 6-ounce package (1 cup) semi-sweet chocolate morsels.

Cream together shortening, vanilla, sugar and cinnamon until light and fluffy. Beat in egg. Blend in honey. Sift together flour, baking powder and salt. Add to honey mixture; mix only until blended. Stir in semi-sweet chocolate morsels. Spread in greased pan 15x10x1-inch. Bake in a moderately hot oven (400 degrees F.) 12 minutes. When cool, cut into 3x1-inch bars.

Chocolate Picnic Shake

(Yield: 4 servings)

One-half cup quick chocolate flavored mix, 1½ cups milk, 1 pint vanilla ice cream.

Put quick chocolate flavored mix into a wide-mouth quart vacuum bottle. Pour in milk; shake well. Spoon in ice cream; shake thoroughly. Before serving, shake again.

TOMORROW'S DINNER:

Beef and fresh vegetable stew, crusty bread or rolls, corn-on-cob, butter or margarine, fresh strawberries with powdered sugar, vagabond cookies, coffee, tea, milk.

TAILGATE doubles as "groaning board" for folks with a station wagon. Any inviting roadside spot's an excuse for a picnic.

Two Planes Downed

TAIPEH, Formosa (AP)—Communist MIGs shot down two Nationalist Chinese F84 Thunderjet fighter planes over the Formosa Strait today.

Rear Adm. Liu Hoh-tu, a spokesman for the National Defense Ministry, said the Communist planes attacked when the Thunderjets were on a routine patrol over East Tungshan Island, about 60 miles south of Quemoy.

Both pilots bailed out and one was rescued. A search for the other was being made.

Nazi Ban Ends

BONN, Germany (AP)—The postwar Allied occupation law banning the Nazi party in Germany went out of effect today.

It was declared void in West Germany's official Federal Gazette.

That did not mean Germans could wave the Swastika again. The occupation law has been replaced by constitutional provisions outlawing any movements against democratic order, whether from right or left.

Hesitant Return of Waistline Seen in One Paris Collection

By NADEANE WALKER

PARIS (AP) — Patou's new young designer, Roland Karl, today made what looked like a timid attempt to bring back the normal waistline to female fashions.

Karl, 24, fired off the opening gun in the Paris fall and winter showings. Unlike his friend and fellow fashion prize winner, Yves Saint-Laurent at Dior, young Karl is not revolutionary.

His big idea, a silhouette with flared skirt and nearly fitted waist, is almost a princess outline. But, perhaps because the young newcomer lacked the courage of his convictions, the waist is still slightly slack.

There's no news yet in hemlines. They are just below the knee, lengthened by that fraction that is always expected for winter wear.

While the press saw Patou, buyers were looking at—and liking—Lanvin's new collection. According to a thumbnail report, it is very high-waisted and very short.

This may be a tipoff that Paris will go—as Rome went—for the Empire Line. It would be surprising if Patou's nearly normal waistline sets a trend, as the

house seems to aim more to please all the customers than to set the style.

Dior's new creations will be shown Thursday.

Karl describes his line as resembling the letter K. (for Karl) but aside from the flared skirt which might be the bottom half, the likeness is even more obscure than these alphabetical styles usually are.

In general, Karl puts the waistline in inverted parentheses rather than cinching it up tightly.

But he turns his back firmly on the ballooning fullness of last season, and there's nothing in his show that could really be accused of being a sack.

Here are some of the new notes he strikes:

Slightly off-centered X-drapery at the waistline. Shoulder epaulets, and sleeves mounted in an epaulet effect.

Three big buttons spaced sparingly to close a dress from neck to hem.

Big, but not upstanding, fur collars.

Stark little black dresses with generous decolletage, used as foils for a big diamond jewel.

Tunic-length tubular coats matching the dress they cover.

Miss Nancy Sangaline To Wed Aug. 16; Feted At Shower Recently

A surprise bridal shower was given recently for Miss Nancy Sangaline of 44 Lafayette Avenue at the home of her sister, Mrs. Paul Mills, 6 Washington Avenue.

Co-hostesses were Miss Honoria Sangaline and Mrs. Abram Heinlein.

Miss Sangaline will wed Louis Potenti of Newburgh Aug. 16.

Guests attending included Mrs. Harry Ainsworth, Mrs. John Bondeur, Mrs. Sal Castiglione, Mrs. Richard Fay, Mrs. Frank Fay, Mrs. John Hensberry, Mrs. Gilbert Kelder, Mrs. Albert Lahl, Mrs. William Martin, Mrs. Joseph Mills, Mrs. Paul Mills, Mrs. Maurice O'Brien, Mrs. Louis Potenti, Mrs. Richard Priest, Mrs. Charles Sangaline, Mrs. Donald Sangaline, Mrs. Edward Sangaline and Mrs. John Sangaline.

Gifts were received also from Miss Barbara Heinlein, Miss Catherine Heinlein, Mrs. William Kelly, Mrs. James Lyons, Mrs. Mae Sheehan and Mrs. Fred Stohr.

According to Eugene Gilbert & Co. researchers, the newspaper is, above all, the place where teen-agers go for information.

Over 200 Attended Mt. Marion Group's First Block Party

More than 200 persons attended a block party last weekend sponsored by Mt. Marion Civic Association at Les Lilas resort.

Special award winners were Lena North, Archie J. Van Benschoten, R. Blinn and Philip La Flandra.

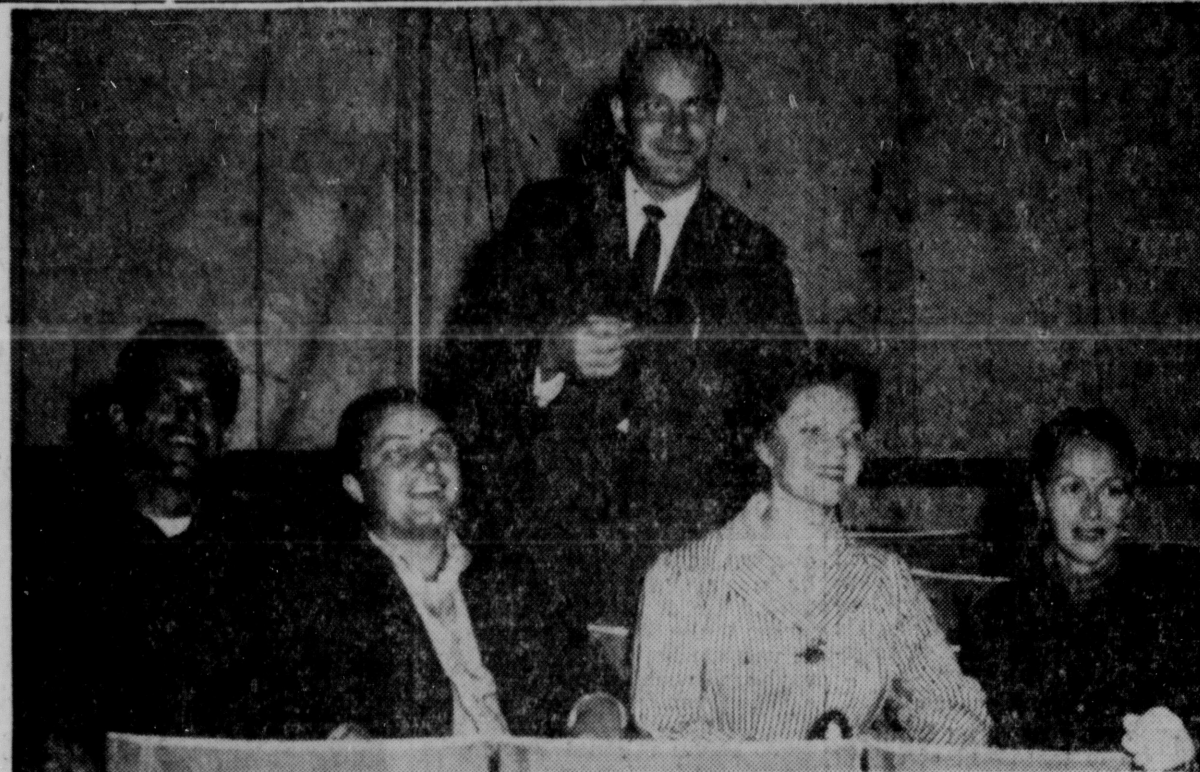

Proceeds of the event will be used to purchase athletic equipment and provide activities for the area youngsters.

A softball game — fathers against sons — scheduled for Sunday afternoon in a field behind the new Mt. Marion School, was announced. All area residents are invited to participate.

Entertains at Dinner In Catskill Recently

Mrs. William H. Huelser of Old Hurley entertained at cocktails and dinner at the Skyline Restaurant, Catskill, recently.

Guests were Mrs. Niesja Beebe and Mrs. William Bruyn of Brykill Brunswick, Mr. and Mrs. Walter Lang of Pelham and Albert Ward Engelhart of New York City.

TENT TOUR—Principals for the Ellenville Music Theatre presentation of "Carousel" are shown about the big tent at Ellenville for the first time after their arrival for rehearsals by Mark Moerson, rear, business manager. Seated,

left to right, are Jerry Lazarre, Keith Kaldenberg, Jacquelyn McMahon and Christine Mathews. "Carousel" will be presented nightly through Sunday with a Thursday matinee.

MRS. JOSEPH F. MEYERS
Miss Kathleen McLaughlin, Joseph Meyers Wed July 26

St. Joseph's Church, Wurtsboro, was the scene Saturday, July 26, 11 a. m. of the wedding of Miss Kathleen Rita McLaughlin, daughter of Mr. and Mrs. James McLaughlin of Wurtsboro Hills and New York City and Joseph F. Meyers, son of Mr. and Mrs. Charles Meyers Sr. of Wurtsboro.

The Rev. E. Harold Smith officiated. Miss Estelle Nigro was organist. Soloist, Miss Betty Lindsay, sang "Ave Maria." "On This Day, Oh Beautiful Mother," and "Pani Angelicus."

Given in marriage by her father, the bride chose a Chantilly lace full-length gown fashioned with a cathedral train. She carried a missal with an orchid, stephanotis and lily of the valley.

Miss Maureen McLaughlin, sister of the bride was maid of honor. Her cocktail length gown was of blue chiffon and she carried a colonial bouquet of blue and white flowers.

The Misses Genevieve Paukovits of New York City, Joan Meyers of Wurtsboro, Ellen Lauferweiler of Monticello and Maureen Nigrelli of Jackson Heights were bridesmaids. They wore gowns of blue chiffon and

carried colonial bouquets of blue and white flowers with pink rosebuds and blue bows.

Best man was Gerald Kosinski of Wurtsboro. James McLaughlin Jr. of Wurtsboro Hills and New York City, Thomas Meyers of Middletown, Charles A. Meyers of Haven and Russell Grace of Modena were ushers.

A reception for 150 guests was held at the Middletown Legion Home in the afternoon.

Mrs. Meyers attended Cathedral High School, New York City and was formerly employed by American Broadcasting Co., New York City. Mr. Meyers is a graduate of Monticello High School and is employed at IBM, Kingston.

For her wedding trip Mrs. Meyers wore a white linen dress with blue embroidered flowers. Upon their return from a tour of the New England States, the couple will reside at 214 Downs Street.

A study conducted by Eugene Gilbert & Co., researchers, found that teenagers consider newspapers to be "most practical" and are "used more now than a year ago."

SAUGERTIES WINNER—Moira Rose Altevogt, the newly chosen Miss Saugerties of 1959, receives a congratulatory kiss from her neighborhood chum, Kay Moose, last year's titleholder. The two well known Saugerties beauty queens, both residents of West Camp, will serve as dining room hostesses opening day at the traditional dinner of the two-day West Camp Church Fair August 13 and 14 at the church parish hall, Route 9W. According to Albert J. Cawein of Saugerties and Lambert Schmidt of Leeds, co-chairmen of the ticket committee, roast beef will be served at 5:30 and 6:30 p. m.

Good Taste Today

By EMILY POST

Author of "Children Are People" and "Etiquette" etc.

A HUSBAND'S LOYALTY

Dear Mrs. Post: I was married a little over a year ago—a second marriage for both of us. In all this time I have seen his family just once; although my husband sees them from time to time. They never did approve of his marriage to me. Yesterday, my husband received an invitation to his niece's wedding, addressed to him alone. I think this is a direct slight to me and that my husband should not go to the wedding or even send a present. He thinks he should do both as it is his sister's child and will only cause a family rift if he does not go. I am very much upset over this and would like your opinion.

Answer: Properly he might send his niece a present. But he will be very disloyal to you if he goes where you have not been made welcome.

Showing Engagement Ring

Dear Mrs. Post: When a friend or acquaintance becomes engaged, is it proper to ask to see her engagement ring, or must one wait until she shows it. A friend and I disagree on this. She thinks it is improper. I think it is rude to show interest in her ring. What is your opinion?

Answer: It is quite proper the first time you see the engaged girl wearing her ring to say something like, "Oh, is that your engagement ring? Do let me see it."

Placing One's Left Hand

Dear Mrs. Post: Will you please tell me the correct position of the left hand while eating? A friend of mine says it is correct to rest it on the table and I say it should always be in the lap when not in use. Will you settle this difference?

Answer: It is entirely proper to rest your left hand against the edge of the table. To sit for any length of time with your hand in your lap gives the appearance of a crippled left arm.

Where and how future-in-laws should meet after the engagement is explained by Mrs. Post in leaflet E-1, "Engagements." Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to Dept. EP, in care of The Freeman, P. O. Box 99, Station G, New York 19, N. Y. (Released by The Bell Syndicate, Inc.)

Personals

Mr. and Mrs. John A. Stingle of Detroit, Mich., have returned home after spending some time with his brother-in-law and sister, Mr. and Mrs. Howard Mosher of 59 Henry Street.

Mr. and Mrs. Harry J. Freer of 173 Henry Street are spending their vacation at Atlantic City and New York City. Mr. and Mrs. Edward Prendergast and family visited Howe Caverns, Friday.

Modena

MODENA — Worship service will be conducted at 11 o'clock at Midway Park, Benton Corners Sunday, preceding the picnic dinner for members of Modena and Clintondale Methodist Churches. Cars will leave Clintondale at 10:15, and Modena at 10:30.

Mr. and Mrs. Leslie Decker of Gardiner, have named their son, born Thursday, July 24, Kenneth. Mrs. Decker is the former Joan Wells of Ireland Corners and Mr. Decker is a former resident of this locality.

Mrs. S. L. Bernard and child, guest from Massachusetts, visited Mrs. Decker at Poughkeepsie, and a relatives here and in Gardiner Wednesday.

Wayne G. Smith is spending the remainder of the summer vacation with relatives in Pennsylvania.

Eugene and Byron Paltridge visited their sister, Miss R. Paltridge, an patient at St. Luke's Hospital, Newburgh.

Miss Genevieve Smith, a student nurse at Kingston Hospital, was a recent guest of Mr. and Mrs. Vincent at Plattkill.

The Gus Johnson family have vacated the tenant house of Charles Wright, near New Paltz, and moved to Modena.

Flora and Fauna Show Winners Are Named

ANIMAL FIGURINE WINNER—At the recent Flora and Fauna show sponsored by Ulster County SPCA at Watson Hollow Inn Miss Berta Frey of Bearsville won the standard size arrangement with animal figurine class with the above entry, using a figurine of a shepherd and his lamb. Colors in the ceramic piece blend with the soft hues of raspberries in the hand-made pottery jar.

GRACEFUL GAZELLE—Mrs. Joseph Innes of Woodstock Garden Club was a winner in the animal similes class with her "Graceful as a Gazelle" entry. The floral arrangement featured shades of yellow and orange with a dramatic grouping of orange-red zinnias at the base. The hand-carved gazelle added a dramatic touch. (Artcraft photos)

Winners of the popular vote in the Ulster County Society for the Prevention of Cruelty to Animals Flora and Fauna Show held Tuesday through Thursday at Watson Hollow Inn, West Shokan, were:

Miniature arrangement class—Mary Lee Tucker of Kingston with a tiny alabaster bird bath with doves perched around it. The flora consisted of parsley sprigs and dainty blue flowers.

'Compulsion' Opens Tonight At The Woodstock Playhouse

A large jury is expected to assemble at the Woodstock Playhouse tonight (8:30) to pass judgment on Meyer Levin's "Compulsion," the dramatic and highly controversial case history of the Leopold-Loeb murder in 1924.

Woodstock audiences have been assured a "reasonably" faithful adaptation of the Levin script which was re-written before it played on Broadway. It was a tremendous hit in 1957 and the battle over which version should be used eventually reached the courts.

"Compulsion" tells the story of Loeb and Leopold, the intellectual prodigies whose brutal murder of a 14-year-old neighborhood boy stunned the entire

world and was termed the crime of the century.

Excellent Cast

Director Cyril Simon has had a brilliant cast at his command in rehearsals and tonight's show is expected to rank with the all-time dramatic presentations at the Playhouse.

Wayne Maxwell and Anthony Holland will have the roles of the two teenage murderers of the Jazz Age. Dana Eclair will be seen as the prosecuting attorney and William Meyers as the attorney for the defense.

Others in the cast include such established players of the season as Bette Henritze, Betty Lou Robinson, M. David Samples, Ann Whiteside and Hal Galli. Seven Woodstockers, including Paul Hamilton and Dixon McGrath will also be seen in minor roles.

Drama Readings Please Audience At Art Gallery

The first in a series of dramatic readings by Ben Myers was well received by audiences Friday and Saturday night at the Art Gallery.

The series, sponsored by the Woodstock Artist Association, featured a supporting cast that included Barbara McGrath, Franklin Alexander and Sara Mulligan.

A carefully-selected and diversified program ranging from selections by Jimmy Cannon to Doestoevsky enabled Meyers and his cast to cover the widest possible range of drama, humor, pathos—all the facets of great writing.

The readings came to a crashing climax with the entire group doing a superb performance of Irwin Shaw's "A Wicked Story" from "Tip On A Dead Jockey."

The cast was given a standing ovation at the conclusion.

Barbara McGrath, who was featured in solo readings recently and has a voice that is easy on the ears, was superb in a reading of de Maupassant's "The Bed." Meyers and Mrs. McGrath opened the program with the exchange of love letters, by Ellen Terry and George Bernard Shaw.

Jimmy Cannon Opus

Meyers' reading of a column written by Jimmy Cannon on the second Sugar Ray Robinson-Gene Fulmer bout was one of the highspots of the night. There are no extraordinary qualities about Meyers' voice, but he reads with enthusiasm and abandon.

Sara Mulligan did a nice job with three love letters from Emily Dickinson and teamed with Franklin Alexander in a scene from "Ladies in Retirement." Meyers closed the first half of the show with "The Wild Gentleman" by Saltykov-Shchedrin, an absorbing but slightly long story.

After the intermission, Alexander did Doestoevsky's "Let-ter." Mrs. McGrath read Van Meek's letter to Tchaikovsky; Meyers read Melville's "The Whiteness of the Whale" and Sara Mulligan completed the solo readings with "Always The Plough and The Stars" by Sean O'Casey.

On the whole it was an enjoyable evening for those like the medium. Just a couple minor criticisms—the show was a bit too long and the lighting effects could be toned down a bit.

Fire Company No. 4 Sets Bazaar-Carnival

Woodstock Fire Company No. 4 will sponsor a bazaar and carnival Friday and Saturday (Aug. 1 and 2) at the new firehouse in Zena.

General chairman John Holmzner announces that there will be lots to entertain visitors with plenty of games, prizes and refreshments. There will be free round and square dancing on Saturday evening to the music of Freddie Russell and his orchestra from Saugerties.

Assisting Holmzner on the committee are John Cutler, John

Wagner, John Casey, John Ohlman, Frank Shaw, LeRoy Buck Woven, Verne May, William Barnett and Max Hoffman.

Golubov Paintings

At Mari Galleries

The Mari Galleries will present the latest works of Maurice Golubov in a one-man show opening Friday, Aug. 1 from 2 to 6 p. m. The exhibition will run through Aug. 14.

Golubov, a summer resident of Woodstock, has exhibited widely here and abroad since 1941 when the public first saw his work. Here in America, he has had one-man exhibitions at several museums and galleries including the Artists Gallery, the Mortimer Brandt Gallery and the Mint Museum of Art of Charlotte, N. C.

Invitations to exhibit at the Whitney Museum, the Modern Museum of Art, The Art Institute of Chicago, the Brooklyn Museum and the Walker Art Center of Minneapolis attest to the interest and commendation his painting evokes.

He has also exhibited in London, Paris, Rome, Copenhagen and other European cities. A member of the American Federation of Painters and Sculptors and of American Abstract Artists, Golubov is represented in many private and museum collections.

Divine Love Topic At Christ Scientist

How strength and freedom are gained through understanding God, divine love, will be a topic dealt with at Christian Science services in Woodstock Sunday.

One of the selections from the Bible in the lesson-sermon entitled "Love" is this from Matthew: "And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people" (4:23).

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (454:18-23): "Love inspires, illumines, designates and leads the way. Right motives give pinions to thought, and strength and freedom to speech and action. Love is priestess at the altar of Truth. Wait patiently for divine Love to move upon the waters of mortal mind, and form the perfect concept."

Kaaterskill Group Presents Show on Aug. 2

The first of two shows by the Kaaterskill Group will be held Saturday, Aug. 2, at Parnassus Square in Woodstock.

The group of painters and sculptors, formerly known as Parnassus 58, will present several works of each of its members, who are: Gwen Davies, Agnes Hart, Philip Held, Anne Heliott, Herbert Lent, Ethel Leventhal, Eleanore Lockspeiser, Ben Meyers, Bart Perry, Sal Sirugo, Florence Weinstein and Ralph Wickiser. The exhibition will also include the works of

The Fragile Look With Wearability

By GAILE DUGAS
NEA Women's Editor

NEW YORK (NEA) — Possibly the nearest thing to the freshness of roses is a rose print. The girl who wears it takes on some of the dewy look of the rose and some of the beauty, too.

Though the rose print imparts a cool and fragile look, the truth is that the modern rose prints are very hardy. They resist creases, press easily and turn out looking fresh and pretty as ever.

The 1958 rose print gets touches of velvet or satin to enhance its essentially romantic air. These come in the form of belts, cuffs, collars or piping. We show here two such prints, both with fitted bodices and flaring skirts. Rose print cotton (left) has roses scattered over entire surface. It is widely belted in satin.

The more sophisticated shirt dress in a rose print (right) has cuffed three-quarter sleeves and convertible collar. It's belted in black velvet. Both designs are by Barrette.

Samsonville

The Rev. Robert Bowring, pastor of Samsonville Methodist Church is vacationing at Percy Crawford's Bible Conference in Pennsylvania. After spending some time with his brother in Pine Plains, N. J., he will return to conduct the Sunday worship service at 9:30 a. m. Sunday school follows at 10:30 a. m.

Earl Bennett has been the supply preacher during the pastor's vacation.

A meeting of the board will be held at the parsonage Monday at 8 p. m.

The annual bazaar will be held on the church grounds Saturday. Many saleable items will be displayed. A luncheon will be served from 12 noon until the evening. The menu will feature hot turkey sandwiches.

Part of the proceeds will be used to repair the outside of the church.

Winston Van Kleeck is in Benedictine Hospital.

Alfred Barringer Jr., has returned home following a vacation in Monticello.

The local Cub Scouts expect to attend Camp Tri-Mount at East Jewett on Saturday for a day's outing.

Machinery Stolen From Wallkill Firm

More than \$1,000 worth of machinery and equipment was stolen from the Howell Lumber Company, Wallkill, some time Sunday night, including six lawn mowers, a rotary motor, wheels and tires.

One of the yard trucks was jacked up and the wheels and tires removed.

The thieves also broke into the barn and took a number of large surplus truck tires.

Asked if this was the first break at the lumber company, a spokesman told The Freeman that it had happened before.

"We seem to be very popular," she said, "but this is the most expensive one we've had."

Rollin Crampton and Judson Smith, All are residents of Woodstock.

The opening reception will be at 4 p. m. on Saturday, Aug. 2. The show will run for two weeks and the second show will start Aug. 16 with new works of the artists.

Common Orientation

As a co-operative, non-commercial group, these artists occupy a unique place among Woodstock painters and sculptors. There is a common modern orientation in the works of its members and each one makes his own choice as to what shall be exhibited. Furthermore, great care is exercised in developing new and unconventional ways of showing art to the public, a thing sadly lacking in the presentation of artists' generally, says a Kaaterskill spokesman.

Last year's shows of the group dramatically disclosed the need for fresh approaches in Woodstock in hanging shows; that space existed above as well as away from the usual, uniform eye-level to which most exhibitions are committed. As a result, the exhibitions were extremely well attended and viewers expressed great approval of the new techniques.

Plan Sessions On Management Of Small Business

Initial steps have been taken to hold a series of five or six small business management sessions here in late September and Early October.

The preliminary plans were made Monday at a joint planning conference in the Governor Clinton Hotel and announced by a spokesman for the Kingston Area Chamber of Commerce.

The forums will be sponsored by the Retail Merchant's Committee of the Kingston Area Chamber of Commerce in co-operation with the adult program of the Vocational Department of the Kingston High School. The State Department of Education, the State Department of Commerce and the Small Business Administration are all participating.

Because of the nature of the sessions, enrollment will be limited to the first 25 who register. It will be designed to be of interest and value to local and area store owners, managers and operators of all types of retailing businesses. A nominal registration fee will be charged. An outstanding speaker will be brought here for each session and cover subjects selected by the local committee.

Those who attended the planning session yesterday included Hunting Sherrill of the State Education Department; Albert Baking and Dale Swartzmiller of the State Department of Commerce; Hubert Hoderath, head of the Kingston High School Vocational Department; Stanley London and Peter Fectucci, representing local merchants and Albert Kurdt, manager of the Kingston Area Chamber of Commerce.

Additional details, including dates, subjects to be covered and the names of speakers will be announced later. All sessions will be held in the Governor Clinton Hotel.

There are 1,755 daily newspapers in the U. S., serving virtually every city, town and hamlet on the map, and offering community impact no other medium can match.

Summer Theatres

Ellenville Theatre

"Carousel" starts today at the Ellenville Music Theatre and will run through August 3 with a matinee performance Thursday 2:30 p. m. Evening performances are at 8:30 p. m.

Jacob's Pillow

Walter Terry, noted dance critic of the New York Herald-Tribune, will be the guest of the special events series at Jacob's Pillow Sunday at 8:15 p. m. in the Ted Shawn Theatre.

Terry, whose reviews, articles and books on all phases of the dance have made him one of the leaders in the field, will give a report on "Scandinavian Dance Festivals—1958." Last spring he made a tour of the principal cities of Denmark, Sweden and Norway.

From 1936 to 1939 he was dance critic for the Boston Herald. Excepting three years (1942-45) when he served as sergeant in the U. S. Air Force, he has been critic for the New York Herald-Tribune.

Hyde Park Playhouse

The successful Broadway comedy, "Mr. Roberts," is being presented this week at the Hyde Park Playhouse, Monday through Saturday with curtain time at 8:40 p. m. Cast consists of resident players.

Phoenicia Playhouse

The hilarious "No Time for Sergeants" opens tonight at Phoenicia Playhouse and will run through Sunday. Curtain is at 8:40 p. m.

Woodstock Playhouse

Opening tonight at the Woodstock Playhouse is Meyer Levin's "Compulsion." The play concerning the crime of the century will run through Sunday.

Turnau Opera

Friday and Saturday the Turnau Opera Players will present "The Portrait of Manon L'Heure Espagnole."

Tanglewood

Chamber music concert with Margaret Harshaw, soprano, and

others will be presented in the theatre at 8:30 p. m. Wednesday, Friday through Sunday a program of Wagner will be presented. Conductor on Friday and Saturday evening will be Charles Munch. Pierre Monteux will conduct Sunday.

Grows Hair, Teeth

BUFFALO, Wyo. (AP)—Lake Bugbee, Wyoming rancher, says his second childhood is coming rather late in life. Several weeks ago his friends noticed he was growing a new crop of hair on his previously bald head. Then he discovered a new tooth emerging through his lower gum. Bugbee is 98.

OFFICE CAT

Trade Mark Reg. By Junius

THIS 'N' THAT

Dorinda Daze was quite forgetful. She always left her books at school. Which made the teacher plenty fretful, but left Dorinda calm and cool. When sent out shopping by her mother, she never failed to lose the list. And buy some wrong thing or another, while "mooning" in a mental mist. And then she went out baby sitting to help the Wildekatz down the block. They sat her down and gave her knitting. . . and Willie Wildekatz' crib to rock. They gave Dorinda quite a lecture and showed her how to heat the milk. Then left her with the dim conjecture that all would be "as fine as silk." Alas! The Wildekatz, upon returning, found Dorinda unchanged, un-milked, and loudly yawning, with howls that would have waked the dead. Dorinda Daze's baby-sitting ended abruptly. . . as of then. And it is rumored (as is fitting) her service would be sought again.—Karl Flaster.

One of the ladies in the neighborhood had given herself a fancy new permanent. Two of her neighbors were discussing the job after she walked by.

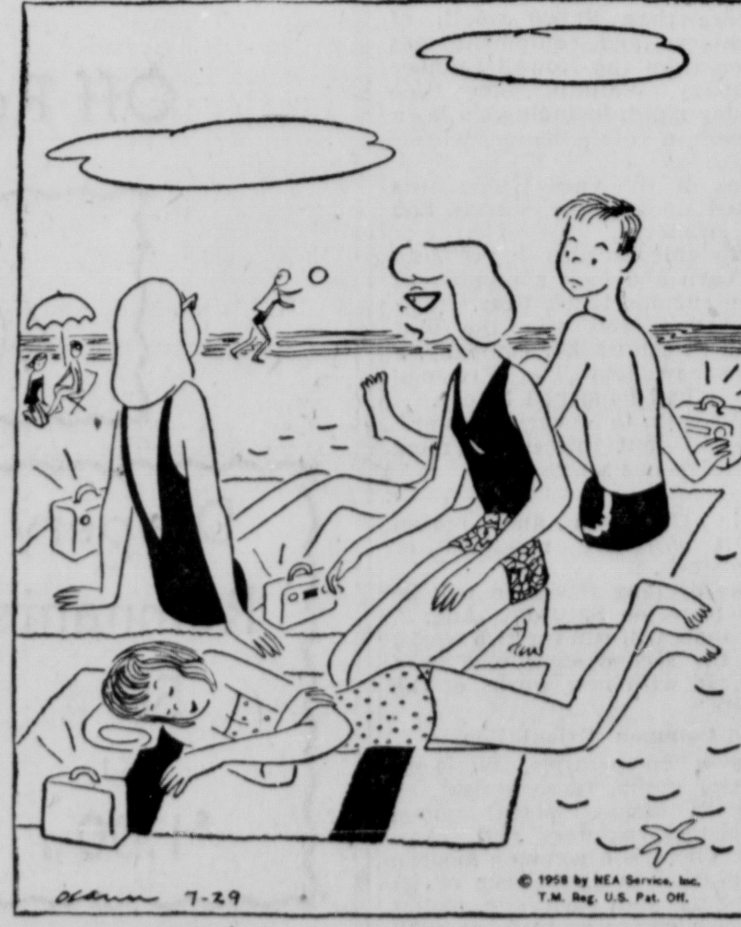

First—What do you think of it?

Second—To me it looks like her parole came through just as the warden pulled the switch.

America comes closer to being Utopia than any other living pattern devised by man, and we can

always strive to make it better.—Boyd Campbell.

PUZZLE

Middle age proposes
This riddle:
Which is there most of—
Age or middle?
—Leo J. Burke

Mrs. A. (on street)—Who is that you just bowed to?

Mrs. B.—Oh, she's our next-door neighbor.

Mrs. A.—But she didn't return your bow.

Mrs. B.—No! She never returns anything.

Liberty is the one thing you can't have unless you give it to others.

Clintondale

CLINTONDALE — Mr. and Mrs. Russell Rhodes, Mr. and Mrs. John Minard and Mr. and Mrs. Slewyn Mosher are spending the week at Tupper Lake where they are staying at the Blue Jay Lodge, operated by Mr. and Mrs. Arthur Scotti, former residents of Clintondale.

Miss Augusta Evans of Crescent Avenue has been a patient at Vassar Hospital, Poughkeepsie, as the result of back injuries sustained in a fall.

Miss Barbara Jane Iorio and Donald Smith, both active members of Clintondale Grange returned Sunday from Alfred University where they had been delegates to the Grange Leadership School. Miss Iorio has recently been appointed chaplain on the Ulster County Grange degree team.

Mr. and Mrs. Gordon Baker have been entertaining the former's aunt, Mrs. Pamella Roe of Marlborough.

Worship service was not held in Clintondale Friends Meeting House Sunday morning as many of the congregation were attending the Friends yearly meeting Sunday session held at Silver Bay on Lake George. There will be a service this Sunday at 10 o'clock with the Rev. Jesse A. Stanfield in charge. Sunday school will not be resumed until September.

Myron Ronk of this place, past Noble Grand of Sunshine Lodge of Odd Fellows and also a past district deputy was the guest of honor at a meeting of Sals Sanatorium held in the Poughkeepsie Odd Fellows Hall Monday night.

Roy Pauli, president of the Clintondale Fire Department announced this week that all details for the second block party sponsored by the department have been completed. This party will be held Saturday night, Aug. 9 on the pavement in front of Ralph VanSiclen's store. The music will be provided by the Catskill Mountaineers, who will play both old fashioned and modern music. Serving on the committee in charge will be John Minard, George Ronk, Donald Smith, Russell Rhodes, Freston Atkins, Harry Ronk, Harold Countryman, Robert Rosenkranz, Oliver Byrne, Peter Rosenkranz, Henry Eichler, Floyd Thorn, Peter Cengliosi, Victor Janowitz and Edward Tompkins.

The Rev. George Johnson, pastor of the Clintondale Methodist Church will conduct a service Sunday at 9:45 a. m. Sunday school will meet at 11 o'clock. The Woman's Society for Christian Service met on Friday afternoon.

Mr. and Mrs. Paul Schwartz have returned to their home in Flushing after spending some time here with Mr. and Mrs. George Ronk and family.

Frank Dolce who recently underwent surgery at St. Francis Hospital, Poughkeepsie, is reportedly recuperating.

Clintondale firemen are considering the possibility of holding a company clambake later in the season.

The annual picnic for members of Clintondale and Modena Methodist Churches will be held Sunday at Mid-Way Park near Bentons Corners. Cars will leave Clintondale for the park at 10:15 in the morning. A worship service will be held at the park at 11 o'clock.

At the annual meeting of Clintondale Methodist Church the following trustees were elected: Hobart Smalley, Harold DePuy and Freston Atkins. Each will serve for a term of three years.

First Science Winner Is Promotion Editor

ROCHESTER, N. Y. (AP) — What has become of Bausch and Lomb Optical Company's first science scholarship winner of 15 years ago?

The winner, Al Buchanan of Peekskill, N. Y., is promotion editor of Sports Illustrated Magazine. And he's "doing very well," says a B&L spokesman.

B&L takes the blame for science's loss of a scholar. "During Al's college years at the University of Rochester," said the company spokesman, "we had him work in our advertising department. That's where the editorial bug bit him."

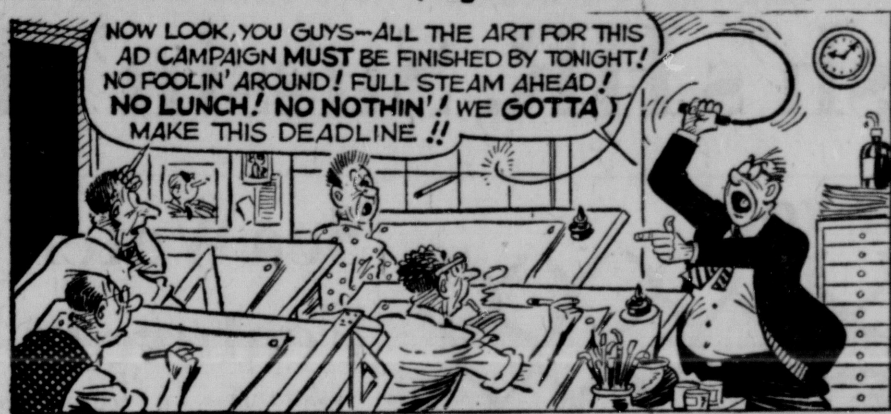

B&L awards one or more of the science scholarships annually in a nationwide competition open to high school seniors. The scholarships have maximum value of \$3,200.

Killed by Train

BUFFALO, N. Y. (AP)—A 72-year-old man was injured fatally Monday when he walked across some Erie Railroad tracks and was hit by a freight car. He was John Lauer of Buffalo.

Water Diversion By Chicago Seems Set for Approval

WASHINGTON (AP)—Prospects for White House approval of a bill to increase Chicago's diversion of Lake Michigan water appeared brighter today as a Senate subcommittee continued hearings on the measure.

President Eisenhower vetoed similar water diversion bills in 1954 and 1956. His veto messages stressed specific Canadian objections.

But a new Canadian note to the State Department did not specifically oppose the bill. It said, however, Canada should maintain a steady flow of water at three points on the Great Lakes system. The note was made public Monday at the opening hearing of a Senate public works subcommittee.

The Bureau of the Budget, under the direct control of the President, previously indicated it would not object to a compromise form of the bill.

Chicago now is limited to 1,500 cubic feet a second from the lake. Under the terms of the bill passed last year by the House, it temporarily would increase diversion to 2,500 cubic feet.

The city contends the additional water is needed to provide its metropolitan area with improved treatment of sewage and also to improve navigation facilities on the Illinois waterway, which connects Lake Michigan with the Mississippi River.

The proposal was assailed at Monday's hearing by spokesmen from other Great Lakes states, who contended that additional diversion would be harmful to their states and would set a dangerous precedent.

contract for the grand slam.
South looks over dummy and counts 12 sure tricks and a mighty good play for the 13th. He can break the clubs evenly; he can finesse for the queen of hearts, or he can pick it up. Finally, there is a possible squeeze.

Since South does not mind going down more than one trick, he starts proceedings by taking three spades and four diamonds. East does not know it but he has been squeezed already. He has to let two hearts go because

he sees the need of hanging on to those four clubs.
South has discarded a heart from each hand and now cashes three clubs. West shows out on the third club and South now has a complete count on the East hand.

East started with exactly two spades, three diamonds and four clubs and hence must have also held exactly four hearts.

This meant that West started with only two hearts and still would be holding them. Each opponent is down to two hearts and South's three hearts are good irrespective of who holds the queen. He has used the squeeze to eliminate the need for a finesse.

Confirms Data On Radiation High in Space

CAPE CANAVERAL, Fla. (AP)—Explorer IV satellite is sending back a wealth of information on a hot field of radiation high in space.

Although in orbit only three days, the heaviest and most important U. S. satellite already has confirmed the existence of the killer rays at an altitude of 600 miles above the earth.

Dr. James Van Allen of Iowa State University, who directed the development and assembly of the satellite's complex instruments, said the data so far looks very satisfactory.

Explorer IV, which is expected

to whirl around the globe for the next five years, records radiation energy and intensity on four counters and relays the messages on two radios which are expected to last for two months.

Meanwhile, the Air Force stepped up preparations for the first moon launching. It was learned the target date was set for sometime between Aug. 15 and 17.

The Army's first chance to shoot the moon probably will not come before November.

The Army's first chance to shoot the moon probably will not come before November.

Lightning Bolts Kill 7 Persons

By THE ASSOCIATED PRESS
Lightning bolts killed at least seven persons Monday night in storms which struck various sections of the nation.

Five lives were lost in cen-

tral California as unaccustomed flashes shot from thunderheads. Two persons were injured.

In Virginia, two sailors were killed by lightning when they sought shelter beneath a tree.

And in South Carolina, six Ft. Jackson soldiers on a field expedition were struck by lightning. Five were hospitalized and one returned to duty.

Americans Advance in LL Play on Bush's HR, Sussin's Pitching

SPORTS

By CHARLES J. TIANO
Freeman Sports Editor

The spectacular showing of Ronnie Thomas and Guy Bush in the District Little League tournament belongs to the Time-Flies-Department.

It wasn't so many years ago that Ronnie's distinguished father Willard was a standout semi-pro pitcher and Guy's dad—Bill Bush—was hitting the long ball in the City League and independent ball in the area.

Thomas, one of the three best high school pitchers we've watched in 28 years on the beat, has fathered two fine young ball players in Bill Jr. and Ronnie. Bill Bush's uncle was a stickout pitcher, Bob (Schoolboy) Bush.

Watching their sons performing so brilliantly must make the fathers feel pretty happy. At least they've been spared the terrible fate of Ty Cobb, who almost died of a broken heart when his son chose tennis over baseball.

Flotsam and Jetsam:

Don't have any qualms about eating in the clubhouse at Monticello Raceway. The food is delicious and the portions generous. Robert Cousins, Jr., of the Woodstock Riding Club will display his horse, Tawny Dandy at the Fleischmanns horse show on Saturday. . . . New York football Giants are touting Don Caraway of Houston as linebacker for the 1958 season. Caraway averaged 42 yards as a college punter. . . . New York Knicks have received signed contracts of Guy Sparrow and Ron Sobie for the 1958-59 season. Sparrow scored 801 points, for an 11.1 average and took 461 rebounds in his freshman season. He hit for 20 or more points in eight games with a high of 28 against the Boston Celtics. Sobie, former De Paul ace, will be playing his third season with the Knicks. He missed 17 games because of a foot injury last season, yet scored 630 points for an 11.5 average. His best night was 32 points against the champion St. Louis Hawks.

This and Data:

The Saugerties Dutchmen's gallant bid for the New York-New Jersey League pennant is another example of what a well-knit hometown aggregation can do with good pitching and coaching. It blasts the "big name" theory which is taking quite a beating at Dietz Stadium these days while Fred Davi frantically exhorting his tossers to come up with at least a half dozen singles in any given game. The Saugerties success stands out in sharp contrast to the dismal failure of the Kingston Yankees to give Davi anything resembling a pennant threat. Jack Riverberg and Hubie Barber have a smooth organization rolling in high gear. The NY-NJ pennant is not beyond their reach. Meanwhile Manager Sal Cicciolo's impressive array of individuals haven't jelled as a unit. One of the biggest disappointments has been Mickey (The Marvel) Burkowski, the former all-star at Newburgh Academy, with Jack (400) Schoenberger a close second. Failure of these two hefty college sluggers to come anywhere near their brilliant performances with Manhattan College is one of the big mysteries of the NY-NJ season.

Of Men and Mice:

The Boxing Beat: Only in the U. S. a little over a year, Germany's Stefan Redl already owns a 20-acre farm in Montpelier, blows his own horn, literally. The 23-year-old hard-punching Anthony owns a collection of trumpets, including a \$325 affair and is a real articulate guy when it comes to talking progressive jazz. . . . Formation of the Professional Bowlers Association, headed by Don Carter of St. Louis, is a smart move by the tempin fraternity. The day isn't too distant when the big name keggers will have their traveling circuit like the weekly professional golf tours. Morris Cramer, the Albany hotshot, is tournament director and should do a competent job. . . . The amount of prize money being dangled before bowling pros has jumped at a fantastic rate in recent years and the TV coverage of matches between the nation's name stars has built up a tremendous armchair audience for the game. Thousands of these folks would be willing to pay to see the big stars in action in their home towns.

A stray, wild deer has become quite a pet at the Columbia Golf and Country Club of Hudson. The deer is affectionately called Bambi and it is not uncommon to see him following a foursome on the fairways. He comes up to almost anyone on the course and nudges arms and hands to be petted. . . . No open season there. . . .

Passante Hurls 2-Hit Shutout in Rec League

Hank Passante of Pat & George's blanked Alart's, 11-0, on two hits in the Recreation Softball League.

Passante checked the Service-men with a pair of singles by Cliff Schwark and Rod Whittaker, while P&G sluggers teed off on Joe Venuti for 14 safeties. Ed Passante slammed a trio of singles for the winners. Hank Passante and Don Jayne rapped two solos each and Jim Dodd contributed a double.

Seven Inning Tie
Shannon's and Prospect Dairies battled to a 3-3 tie in seven innings. Mike Boyle checked the Prospects with four hits. Shannon's picked up four hits off Ed Leoce and scored single tallies in the sixth and seventh innings to create the tie.

Joe Wolff cracked a single and double for Shannon's and Joe Amato Jr. tripled for Prospects. Fred Orr and Ward of Shannon's had two singles apiece.

Anthony-McBride Fight Off Again

SYRACUSE, N. Y. (AP) — The Tony Anthony - Archie McBride heavyweight fight, once off, then on, is off again.

The Arena Boxing Club said Monday that the fight, scheduled for Friday, was called off after Anthony was declared unfit physically.

Dr. Alexander Schiff, a State Athletic Commission physician, said Anthony was running a high temperature and would not be in shape by Friday.

The fight was to have been televised nationally. A substitute bout is being arranged, the club said.

Blast in 6th Spoils 0-Hitter In 1-0 Triumph

The Kingston Americans 1-0 victory over Rensselaer in the District Little League tournament last night at Cossackie was every bit as good as the best Frank Merriwell finish on record.

And the hero of the nerve-rattling thriller which gave the Kingstonians the District 16 championship was Guy Bush, the slugging catcher who rammed a homer over the centerfield fence in the last frame for the team's only hit and spoil the opposing pitcher's bid for a no-hitter.

Before Bush creamed one of Bill Hallenbeck's slants in the sixth, it was a nifty pitching duel between the Columbia ace and Lance Sussin.

The upstarters had made only two hits off Sussin, a classy right-hander with perfect control, who pitched well enough to win any normal game easily.

Hallenbeck, however, was the master of the situation up until Bush stepped up to the plate. In two previous attempts, the slugger who had belted a pair of homers in the team's win over Walden Saturday to drive in four of the five runs had done nothing. For that matter none of his mates were able to solve Hallenbeck's fine assortment of curves and lively fast ball.

The power-hitting receiver holed in and lashed Hallenbeck's second pitch high and far over the center-field wall. After that the team's fate rested in the hands of Sussin, who toiled flawlessly, in retiring the side in order.

Now, the Americans travel to Hudson Falls where they will meet four other sectional champions. They will remain there over the weekend.

'No Hitting' Moans Rigney Of Amazing SF

By RALPH BERNSTEIN
Associated Press Sports Writer

PHILADELPHIA (AP) — Things are happening to the San Francisco Giants which happen only to pennant winners.

Even the faithful in rabid Milwaukee may agree when they digest the eight events which led up to the first of San Francisco's two victories over the Philadelphia Phillies Monday night. The 3-2, 2-1 wins moved the preexistent centage point of firstplace Milwaukee.

Early Monday afternoon, Manager Bill Rigney of the Giants was moaning low about his "hitless wonders."

Commented Rigney: "It's fantastic the way everybody has stopped hitting at the same time. We're hitting five and six hot grounds to the infield. The outfielders are charging our blasts to the outfield."

"I guess I'll have to shake them up tonight. Think I'll send (Felipe) Alou and (Bill) White to the outfield and give (Daryl) Spencer a rest. He's played almost every game. I'll play (Ed) Bressoud at short."

When the starting lineup was posted on the dugout wall, only Alou of the planned changes was included.

So what happened in the fifth inning?

Ray Semproch, the Giants' nemesis was on the mound, and one man was on base. Alou came to bat and smacked a homer into the center field stands.

It wasn't the winning run, but it set things up for what happened next.

Phil relief pitcher Dick Farrell dropped the ball on a routine third-out play in the ninth and the winning run scored.

THE NEARNESS OF YOU

Trout Killing in Saxton Stream Area Now Under Inquiry by Conservation Dept.

The State Conservation Department and Ulster County Health Department are investigating the killing of hundreds of trout in the Saxton stream in the Town of Saugerties, it was announced at the Monday night meeting of Saugerties Fish and Game Club in the R. A. Snyder Fire Company rooms.

Many hundreds of large trout and fingerlings were discovered dead and floating on one of the feeder streams July 8, and according to Town Constable Herbert Hommel the fish were presumably killed by DDT spray used for exterminating bugs and insects.

On the request of the fish and game club, a board of health inspector and a state toxicologist took samplings of the water, and conservation department men took some of the dead fish as specimens.

Arthur Sperl, chairman of the trout committee read a letter received from William J. Goodman, district game protector assuring the club that tests were being taken and a full investigation underway.

Widespread Damage
Hommel, who investigated at

the time, said that everything in the immediate area in the water was dead. He reported that the harmful spray got into the stream and killed the fish.

It was pointed out that water pollution in a trout stream is a serious matter. In many instances polluters are fined heavily and must replace all the fish killed.

Sperl reporting for the stream improvement committee said members would be recruited in September to install a deflector dam on the bank section of the Plattekill to prevent erosion and held the stream in its bed. The deflector will be the initial project of the club's stream improvement program. The program includes planting of willows along the stream's banks.

A discussion was held on the 40-acre tract in Mt. Marion approved by the game club's building committee as a site for the proposed clubhouse.

Last month it was reported at the meeting that a tract of land was available for \$5,000, and that the committee had found it to be suitable for a clubhouse site. The property has about 300 feet of frontage on Churchland Road and easily accessible, the committee reported.

Although authorization to purchase the site was not given, President Harold E. Van Voorhis appointed a committee of four to study plans for raising the money needed to purchase the land. The committee includes Vice President John J. Kaminiski, Arthur Sperl, Walter B. Pettinger and Carlton B. King, president of Federated Sportsmen's Club of Ulster County.

Favor New Bill
A resolution was passed favoring passage of the Wilderness Bill S. 4028—HR 13013 introduced in Congress. The bill seeks to keep 2.2 per cent of the lands in the country forever wild. The secretary was instructed to send copies of the resolution to Congressman J. Ernest Wharton and Senators Irving M. Ives and Jacob J. Javits, asking for their support of the bills.

A letter was received from Saugerties Junior Chamber of Commerce with third place prize money for the club's winning float in the Saugerties July 4 parade.

A discussion of cooperative action on the building of duck blinds was tabled for discussion at the next meeting, Monday, Aug. 25 at 8 p. m. in Saugerties Municipal Building.

Twelve-Under-Par!

Boyd-Findholt Team Cards Best-Ball in Member-Guest

Austin Boyd, Jr. and his partner Lloyd Findholt (Wiltwyck), fired a sensational best-ball 58, 12-under-par, to win first place in the best ball division of The Twaalfskill Club's Member-Guest tournament.

Two teams shared the lead with 4-under-par 136s in the combined net division. They were Harry Kaprelian and Bill Van Aken (Woodstock), 74-74-12-36, and District Attorney Howard C. St. John and Paul Astalos (Washington), 83-80-27-136.

In the individual competition, Kaprelian led Twaalfskill members with 74-10-64, while Findholt's 78-15-63 paced the guests. Twenty-five teams competed.

Card Eight Threes
Boyd and Findholt carded their phenomenal 58 with nines of 30 and 28 in the 85 per cent handicap competition. They compiled eight 3s and a four on the back nine.

Eugene Berardi and Robert Schoonmaker (Wiltwyck) were second with a best-ball 61 on 31-30. Alvin Boice and Bill Waterous (Woodstock) posted 33-30-63; George Hughes and William Seelye (Catskill), 33-31-64; Robert O'Reilly and

Arthur A. Davis (Wiltwyck), 29-35-64.

Hughes and Seelye took third place in the combined low net with 147-7-138.

The individual scores:

	Low Net	Gross	Hdp.	Net
L. Findholt	78	15	63	
P. Astalos	80	13	67	
A. A. Davis	87	19	68

Par In.....433 453 444-35
Boyd-Fin.....333 333 433-28
Boyd - Findholt score: 30-28-58, 12 under par.

50-Day Meet in 1959 for Delaware

STANTON, Del. (AP) — Bryan Field, vice president and general manager of Delaware Park, announced today the raceway will hold a 50-day meeting in 1959 if the Delaware Racing Commission approves.

Under the park's application, the 1959 season would open Friday, May 29, and close Saturday, July 25. The park ended its 1958 program Saturday. It was the first 50-day season ever held at the track.

Field also announced that a \$3, 100,000 improvements program has been approved by the executive and building committees for 1959.

Hitting Factor In E. L. Triumphs

Albany, Lancaster and Reading posted Eastern League victories Monday night on the strength of hitting barrages.

Albany defeated York, 8-7, with a 16-hit attack featured by a three-run ninth inning. Lancaster scored seven runs in the fourth to wallop, Williamsport 11-3, and Reading broke a 1-1 tie with an eight-run fifth inning and defeated Springfield 10-3.

The Binghamton-Allentown game was postponed by rain.

The Albany-York game ended in the 11th when pitcher Jerry Buchanan's two-out single scored the winning run. Paul Toth, the third York pitcher, was the loser.

Williamsport also used three pitchers, who gave up 14 hits. Larry Foster, former Michigan State University star who recently joined Lancaster, pitched five-hit ball before being relieved in the eighth. He has a 1-0 record.

Kerr, who won the championships in 1941, 1947, 1950, 1953 and 1957, shot 90 x 200 in the opening day of the week-long national tournament at Oakland County Sportsmen's Club here.

Robert Biekerch of Rochester, N. Y., won the champion of champions shoot after a three - man shoot-off with a score of 99 x 100.

Sea Water, \$18.20, Cops Feature in MR Fog, Mud

Sea Water, a four-year-old brown mare by Friscoway, came up with a strong stretch drive to capture the \$1200 Ambassador feature at fog-shrouded Monticello Raceway last night.

Reined by Hayes Berry, the mare didn't start to make a move until the final quarter, going by the two pace setters, Maxine's Vole and Kandy Royal. Englishman driven by Henry Lacroix moved into contention from the rail but was no match for Sea Water, who was overlooked by the bettors and returned 18.20. She was clocked in 2:11.1 over the muddy track.

In the \$1200 Flagler, Miola Hanover, a four-year-old mare by Dean Hanover got a good ride from Robert McNulty to win by a length over Coming Glory. She returned \$22.50.

The Daily double combination of Tommy Mite in the first race and Doctor Gallon in the second paid \$29.70.

The results:
FIRST RACE, \$800 Mile-Trot
Tommy Mite (Adamo) 7.50, 3.30, 2.60
Export (Kaufmann) 3.00, 3.00
Mythical (Wagner) 4.20
Time 2:11

SECOND RACE, \$800 Mile Pace
Doctor Gallon (Morris) 5.80, 3.00, 2.40
Victory Surety (Werner) 3.10, 2.50
Wise Counsel (Abbateoli) 2.40
Time 2:09.3
DAILY DOUBLE 3-1 \$29.70

THIRD RACE, \$800 Mile Trot

Lord Willin (Ernst) 8.6

Forte: No-Hitters, Big BA

Little League Phenoms

RONNIE THOMAS

It goes without saying that the rise and fall of anyone whether it be in athletics or business, depends on the very foundation of his selected profession.

If you have been taught to live with something, the odds are good that someday you will be a success. We are referring to two youngsters who have been making a name for themselves in Little League baseball.

These two youngsters, Paul Natale and Ronnie Thomas, may be considered phenoms of the game which Commissioner Carl B. Stoltz introduced in 1947 in Williamsport, Pa.

They are what may be called a one-man team. They are pitchers by trade, but they are used at just about any other position because of their hitting ability.

PAUL NATALE

A no-hitter always makes history when such an achievement is accomplished. When successive no-hitters such as Johnny VanderMeer's feat with Cincinnati in June of 1938 were written into the record books, that was a rarity.

No one, according to the books, has ever pitched three no-hitters in one season. Well, these two boys have. Of course, we don't want to class them with professionals, but give them time.

Their feats are worthy of mention. In fact, unofficially, Natale and Thomas' overall records for the season are unequalled anywhere in the country where Little League ball is played. Not only have they perfect pitching records, but their batting averages are phenomenal and without question, are two of Ulster County's most feared batsmen.

Thomas proved his worth to the Americans by leading them to the District 15 Little League championship over the weekend with a six-hit pitching performance against Walden. Natale has amassed a 17-1 record over a two-year span in LL play. He won 10 of 11 tries last season and to date has a 7-0 slate. He was batting an amazing .800 at the writing and leads the Glasco-East Kingston circuit with nine homers.

Like Thomas, both are 12 years old, and will be entering the eighth grade at MJM School in September. Natale, who likes football but prefers the diamond sport, is 5-8½ and is a solid 145 pounds.

Among his hobbies are stamp collecting. He likes to swim and hunt. As his fifth and final season approaches in Little League, Paul is eagerly looking forward to next year when he will be toiling in the Babe Ruth class in addition to junior high competition.

Thomas, who isn't as big in stature as Natale, but looks a lot bigger than his 5-5, 110-pound frame. The righthander has a powerful set of wrists, which he attributes to his bat power and ability to throw a blazing fast ball.

In the American League, he has a 7-0 record. In addition to three no-hitters, he has two one-hitters, and a six-hit job. He is batting a cool .600. Besides baseball, he likes football, basketball and is an avid fisherman.

One of his no-hitters was a perfect thing. He struck out 18 straight batters and has fanned 103 batters in seven games.

Rest Cured Mick's Ailing Bat
Giants in Double VictoryRaps 2 Homers,
Single in Yanks
14-7 Rout of KC

Apparently the rest cure was all Mickey Mantle needed to emerge from his prolonged batting slump.

Handicapped by a sore right shoulder practically from the start of the campaign, the New York Yankee slugger had stubbornly shrugged off repeated suggestions that he take a brief rest. His batting average dipped as low as .270.

It took another injury — a bruised left forearm — to finally sideline the switch-hitting star just before the team's current Western swing. Since returning to action in the second game of this trip, in Detroit, Mantle has cracked 15 hits in 27 times at bat for .556. That seven-game surge boosted his mark to .294.

Mick Movin'
Mantle walloped two home runs and a single Monday night as the Yankees outsluggered Kansas City 14-7. Gil McDougald of New York and the Athletics' Bob Cerv also slammed a pair of homers.

The victory, coupled with Detroit's 5-4 triumph over Boston, widened the Yankees' first-place margin over the Red Sox to 15 games. The Chicago White Sox snapped a fourth-place tie with Kansas City, shading Washington 6-5.

The White Sox overcame a four-run deficit to defeat the Senators. Sherman Lollar's three-run homer in the fourth climaxed a four-run rally against Jim Constance that put Chicago in front 5-4. Washington tied the score in the fifth but Chicago regained the lead in the sixth on a triple by Nellie Fox and an infield out.

Lown Wins
Turk Lown, National League castoff, gained his first AL triumph, in relief. Dick Hyde was the loser. Washington's Albie Pearson slammed his first major league home run, off starter Early Wynn, in the first inning.
Leo Kieley's bases-loaded pass to Charley Maxwell with two out in the bottom of the ninth pushed over Detroit's winning run against Boston.

Al Kaline slammed four hits, drove in two runs and scored once. Bill Fischer, in relief, was the winner.

Grid Pros Start 15-Game Practice Slate August 15

PHILADELPHIA (AP) — National Football League teams will launch a 36-game exhibition schedule Aug. 15 to get in shape for regular season play.

Bert Bell, league commissioner, said the exhibition play will begin Aug. 15 when the champion Detroit Lions play the College All-Stars in Chicago.

Other pre-season games have been booked in 26 cities and 18 states and the District of Columbia, Bell announced. Games will be played in the home states of league teams as well as Washington, Oregon, Texas, Florida, Massachusetts, Missouri, Oklahoma, North Carolina, Minnesota and Kentucky.

Mike McCormick, Gomez Rap Phils In 3-2, 2-1 Games

More and more it is becoming evident that the San Francisco Giant pitchers have been getting a bum rap.

For weeks critics have been claiming the Giants would be far out in front in the National League if only they had some respectable pitching. But, in fact, the hitters have been the guilty ones, not the pitchers.

Monday night's impressive route — going performances by southpaw Mike McCormick and right-hander Ruben Gomez in the Giants' 3-2 and 2-1 sweep of a twilight night double-header in Philadelphia furnished additional proof that the San Francisco hurling has been underrated.

Hitters Faulty

In their last seven games (not including the suspension of last month's suspended game), Giant pitchers have permitted 20 runs, half of them in one game. During the same period, the hitters have produced only 10 runs.

It is to the pitchers' credit that with such feeble hitting support they were able to win three and tie one of those seven games. Monday's double triumph boosted the circuit's Cinderella team to within one percentage point of the front-running Milwaukee Braves.

All other National League teams were idle.

McCormick, still more than a year away from voting age, hurled a nine-inning, outlasting rookie Roman Sempach and Dick Farrell in the opener for his eighth victory.

Gomez permitted only four hits in the nightcap.

N.L. Champions Edge I.L. Stars

By THE ASSOCIATED PRESS

The world champion Milwaukee Braves unveiled enough — but just enough — of their power last night to make the most of two unearned runs and coast to a 3-2 victory over the International League All-Stars. This was the only IL action.

The Braves, struggling with the San Francisco Giants for the National League pennant, appeared much more relaxed than their nervous Triple A rivals. They scored one run in each of the first three innings and then settled into a strong defensive game.

Each team used four pitchers with the Braves out-hitting the All-Stars 7-6. Starter Gene Conley collected the win.

All Milwaukee runs before 10,506 fans at Maple Leaf stadium were scored off starter and loser Pat Scantlebury of Toronto.

Columbus at Montreal

Miami at Buffalo

Havana at Rochester

Owls Score 8-0 On One Hit in Jaycee Action

The Owls got only one hit, but it was more than enough as they moved within a half game of the league leading Hawks in the Jaycee Little League with an 8-0 triumph over the third place Eagles.

The Hoopers got six runs in the first without a hit. John Schatzel had the only hit for the Owls. The Eagles got three off Pauker. Wayne Terwilliger, the starter, gets the loss. He was relieved by Brown.

The batteries:
Eagles 000 000-0
Owls 600 200-8
Terwilliger, Brown and Sayles; Pauker and Leventhal.

Len Mills Hurls Two Hit Shutout

Len Mills hurled the National Little League Indians to a 5-0 shutout over the Braves last night at Kingman Park.

Mills limited the losers to only two hits, both singles by Bobby Cavano. Duane Baxter gave up three hits, struck out nine in defeat. Mills also fanned nine.

The Indians scored a lone tally in the second and four more in the sixth.

The summaries:
Indians 010 004-5
Braves 000 000-0
Mills and Fisher; Baxter and Cavano.

Apaches Edge Sioux Nine, 3-2

Apaches scored a run in the top of the fifth to edge the Sioux 3-2, to yesterday in the Met Knot Hole League.

R. Playford, D. Godbey and A. Mitchell combined to check the Sioux with four hits. The winners picked up five off Lawrence and Kearney.

C. Berton and J. Darwak were the leading hitters with a double each.

Score by innings:

	R	H	E
Apaches	020	01-3	5 2
Sioux	000	00-2	4 2

Playford, Mitchell, Godbey and C. Murphy; Lawrence, Kearney and J. Rapp.

Braves Rally Nips Cubs in Rondout LL, 9-8

The Braves scored twice in the 5th inning to nip the Cubs in a Rondout Valley Little League game last night. The game was called at the end of the rally because of darkness.

The Cubs took a 7-5 lead in the third, but saw its advantage dissipate when the winners rallied for two in the fourth and fifth innings.

Don Burhans, who relieved Charles Coogan in the third was the loser. Bill Trataros gets the win.

The batteries:
Cubs 106 10-8
Braves 140 22-9
Coogan, Burhans and Diedolf; Trataros and Green.

Yankees Host Staatsburg Wednesday

Play Beacon on Road Sunday in NY-NJ Encounter

If the Kingston Yankees are going to have anything to say about the New York-New Jersey League pennant, they'll have to make their move soon.

Fred Davi's tossers, currently 2-5 in the standings, are three games behind the league leading Nyack Welders, a serious deficit in a 14-game schedule.

The Kingston aggregation mysteriously shackled by NY-NJ pitching this season take on the Staatsburg Knickerbockers Wednesday night at Dietz Stadium, then travel to Beacon on Sunday.

A victory in both games is a must. A double setback would force Davi and Manager Sal Ciacio into the inevitable position of thinking about next year.

Bob Miller or Jerry Davi will get the nod against the Knickerbockers, who have been slumping after a fast getaway. But their pitching has held up and either Jim Lawson, one of the low ERAs in the league, or Joe Molinaro, the fire-balling Poughkeepsie High Schooler, could give the slumping Yankees the fits.

Another familiar figure in the Staatsburg livery is the fabled Billy Ostrom, who was batting at a .406 clip with 13 hits in 32 times at bat the last time looked.

Member - Guest At Wiltwyck CC

Wiltwyck Country Club women expect a record-breaking field for their annual Member - Guest tournament Wednesday.

Appearing in the large field will be three area club champions — Mrs. William D. (Chris) Harris, who completed the Triple Crown in 1958; Mrs. Wiggie de Lisio of Woodstock and Mrs. Frank Prior of the host club.

Several attractive prizes will be awarded.

Soviets Crowd U. S. Sport Scene With Track Win

MOSCOW (AP) — The Soviets are closing in, surely and speedily, on American leadership in sports. And even a controversial ruling and a debatable scoring system can't make it appear otherwise.

In the first United States vs. Soviet Union track and field meet, which ended Monday night, the Soviets outscored the Americans 172 points to 170; their women athletes defeated the American women 63-44; and, most important of all, the American men could only defeat the Soviet men 126 to 109.

As the U. S. team packed to go on to meets in Warsaw, Budapest and Athens, the American women could look back with considerable pride on their performances here. So could some of the men. Unquestionably, the greatest feat of the two-day meet was Rafer Johnson's world record score of 8,302 points in the decathlon, wiping out his own accepted record and the unofficial 8,013 points made by his Soviet rival, Vasily Kuznetsov.

The only things that rankled a bit were the Soviet system of lumping together the scores of men's and women's competition and the disqualification of Gordon McKenzie in the 10,000 meters.

McKenzie's disqualification in a controversial ruling cost the U. S. team a point. He tried to quit the 10,000-meter race and was sent back by Coach George Eastman.

Soviet officials without hearing the American side ruled he was disqualified for leaving the track.

The American men were every running event up to 5,000 meters. Bill Dellinger finished second to the Soviet Union's Hubert Pyranikivi in the 5,000 by a matter of inches in a great performance and Phil Coleman finished second in the steeplechase.

American men scored one-two sweeps in 7 of 19 individual events and won both relays. Of the 22 men's events, the U. S. won 14. But they had expected to score 8 to 10 points better.

Action Galore In NY-Penn

By THE ASSOCIATED PRESS

The two scheduled games provided lots of action in the New York-Penn Baseball League last night.

Olean paired off with Elmira and finally wrenched a 15-10 victory from the hard-fighting Pioneers.

Elmira used five pitchers and Olean called on three.

Olean's Jim Forman and Elmira's Art Repesky got a homer apiece.

It was also a pitcher's duel between Auburn and Erie, with each side using three on the mound.

Auburn came from behind with three runs on four hits in the ninth to take the game 10-8.

Phil Linz cracked the tie with a two-run double.

Rain washed out Batavia at Corning.

League-leading Geneva took the night off for an exhibition game with the International League Rochester Red Wings and got clipped 9-2.

JOY FOR JOY—Chet Joy, the area's leading piscatorial expert, proudly displays one of the finest Rainbow trout catches of the past 15 years. The beautiful specimen, taken in the Merriman Dam sector, is 24½ inches long, 15½-inch girth and weighed seven pounds, four hours after it was taken out of water.

Joy snagged the beauty with a minnow rig, fly rod and the Combaray spinning reel he helped perfect. John C. Brode, the Washington Avenue taxidermist, described the fish as one of the finest in 15 years from the standpoint of body proportion. The nearest thing to it, according to Brode, was caught about 15 years ago in Lake Mohonk.

Geneva Collision Fatal to Girl, 10, Five Are Injured

GENEVA, N. Y. (AP)—A two-car collision in a driving rainstorm took the life of a 10-year-old girl and injured five persons Monday night.

Killed in the crash west of here was Mary Elizabeth Beck of Buffalo.

The three members of her family in the automobile with her were injured, as well as a man and woman from New Jersey in the second car.

The girl's mother, Mrs. Elizabeth Beck and her daughter, Margaret Ann, 4, were dined in fair condition at Geneva General Hospital.

A 16-year-old son, Joseph, was in good condition. Also in good condition were Albert Zahn, 36, of Jersey City, N.J., and his companion, Miss Felicia Faurer, 32, a nurse at Pollack Hospital in Jersey City.

The Becks were returning from a visit to Ithaca.

Crew of 'Sausage' Hopes for More Luck

LAKEHURST, N.J. (AP)—The "Flying Sausage" was bogged down in pea soup fog today, but its crew hoped to have it high and dry in the sky again soon.

The 343-foot Navy exploration blimp, carrying a crew of 14 and a group of International Geophysical Year scientists, is bound for the ice island known as T-3, a floating weather station in the Arctic Ocean.

If the expedition is a success, the PGP-2 blimp will be the first Navy airship to fly over the North Pole.

But the Flying Sausage has been dogged by bad weather since it took off from South Weymouth, Mass., Sunday night on what was to have been the first leg of a flight to Churchill, Man.

Foul weather along the East Coast kept the blimp grounded for a day.

Penny on Loose

ALBANY, N. Y. (AP)—Police in suburban Colonie are looking for a sprightly lass named Penny, dressed in a white shirt and white pants.

Penny is a monkey, and her owner, Mrs. Swift Moultrie, says she darted away Saturday while Mrs. Moultrie was out of the house.

Cells Too Hot, Say 6 Balty Prisoners

ROCHESTER, N. Y. (AP)—Seven patrol cars converged on the Monroe County Jail Monday night when six prisoners balked at returning to their cells.

It was just after dinner and the prisoners told the guard it was too hot to go back.

They pushed themselves against the door of the recreation hall and kept the guard until a riot call brought help.

Police used a fire hose to break up the demonstration.

Officials said no one was hurt.

Ulster Hose Gives Badge to Chaplain

Msgr. Joseph Connolly, pastor of St. Philomena's Church, town of Ulster, was presented with his chaplain's badge by Ulster Hose Company No. 5 at its regular semi-monthly meeting Monday night.

The badge was presented by President Alfredrick Kilmer.

In accepting the badge, Msgr. Connolly said he would continue to answer all fire calls as in the past, not as a fireman representative but in a spiritual capacity, administering aid where it might be necessary.

The company voted unanimously to pay its fee to promote the Dodge baseball team in the Town of Ulster Little League.

George Spoonhauser, chairman of the annual fair which will be held on the grounds of the fire company August 6-9, urged all firemen to be at the firehouse at 10 a. m. Saturday to assist in the construction of booths for the event and to tour the fire district announcing the fair.

He said all members should be there and that much work remained to be done.

Martin Peterson, chairman of the bingo committee, reported that special permits for bingo were available.

The membership voted to attend two conventions, one at Haverstraw, the other in Ellenville.

Kilmer appointed Louis Every as chairman of a committee to contact members of the company in connection with attendance at the convention.

He also appointed Donald Reed and Ed Guzak as chairman and co-chairman of the annual Christmas cheer program in which the company tours the district with Santa Claus, distributing gifts and candy.

Chief Harry Lowe reported one fire during the period since the preceding meeting of the company. This was a blaze in the marquee of the 9-W Drive-In Theatre caused by a short circuit.

Lowe reported the progress of plans for fire prevention in the township. Qualified officers of the company will tour and inspect cellars of all homes for possible fire hazards. He said the program had proven successful in New York City and elsewhere. The inspection will commence after an intensive training program.

Al Klimchusky was appointed chairman of the refreshment committee for the next two meetings.

The company is submitting a figure to the town board for use of the firehouse as a polling place.

Disease Fatal To Coast Birds

This seems to be a year of unexpected hazards for waterfowl. If the pesticides don't get them, the toxins will.

First came the great West Coast mouse hunt, in which poison bait put out to combat millions of marauding field mice in Oregon and California killed off some thousands of geese before it was tracked down as the lethal agent and precautions taken.

Now it's botulism, a usually fatal disease caused by the substances produced—under certain conditions—when organic matter decays in stagnant water. California where 25,000 birds were killed in 1952, again is the scene of a major outbreak.

Some 4,900 birds have been killed in the 40,000-acre Tulare Lake area. There are nearly 100,000 ducks in the potential danger area this summer, but what's more important, a million more will be arriving within a couple of months as the summer flocks come home.

The U. S. Fish & Wildlife Service and the California Department of Fish and Game have rallied all the personnel and equipment available—including airplanes and aircrafts to herd duck concentrations—in an effort to move the birds out of the contaminated areas.

End of the World May Be at Hand Says Witnesses

NEW YORK (AP)—Thousands of Jehovah's Witnesses went from house to house today to tell New Yorkers that the end of the world, as they know it, may be at hand.

The canvass was called for Monday by Nathan H. Knorr, president of the Watch Tower Bible and Tract Society, which is the Jehovah's Witnesses legal name.

Knorr told 151,000 Witnesses, packed into Yankee Stadium and the Polo Grounds, that all the signs of Jehovah "portend that we are standing at the threshold of a peaceable, happy and life-giving new world."

"This is the grandest news," he said, "although it means that we are living at the end of this worry-filled, problem-packed, insane, loveless old world."

A night session Monday night attracted 133,283 persons to the two ball parks.

The Witnesses, who are in the third day today of their eight-day divine will international assembly, believe a battle between good and evil—Armagedon—is close at hand.

Northern N. Y. Is Urged to Make Good of Seaway

POTSDAM, N. Y. (AP)—Gov. Harriman urged northern New York communities today to join forces and take full advantage of benefits from the St. Lawrence Seaway and power project.

Harriman said the Seaway and power developments might bring new industry and millions of tourists into the north country if communities planned well-together.

In a speech prepared for delivery at a Potsdam State Teachers College seminar on the subject, Harriman said:

"I am not going to advance to you the rosy promise that, now that the Seaway and power development are becoming a reality, everything desirable will happen automatically."

"What I can say is that there are endless opportunities that with planning and initiative, can be realized—in manufacturing, industrial development and tourist trade."

The governor said half a million people were expected to visit the St. Lawrence projects this summer. Within five years, he said, the projects could attract several million tourists annually, if facilities to accommodate them are provided.

Harriman also looked for industrial expansion, stimulated by a tie-in of the Niagara and St. Lawrence power projects and opening of the Great Lakes—via the Seaway—to ocean-going ships.

He said this might mean expansion of the steel industry in northwestern New York "and possibly in coming years the establishment of a new steel center" in Upstate New York.

'Must Clean Up

ROTTERDAM, N. Y. (AP)—Four boys have to clean up the giant omelet they created on an industrial building.

The boys, charged with juvenile delinquency, admitted pelted the building with approximately 1,600 eggs stolen from a neighboring chicken farm. They also destroyed lights and windows.

They began the clean-up Monday under parental supervision. The boys' ages range from 11 to 13. Police withheld their names.

Retired Professor F. H. Ristine Dies

CLINTON, N. Y. (AP)—Frank H. Ristine, retired professor of English literature at Hamilton College, died Monday at his home. He was 74.

Ristine taught at Hamilton from 1912 until his retirement in 1952. He served as dean from 1932 to 1942.

The professor, a native of Crawfordsville, Ind., was graduated from Wabash College and taught at Wabash and at Columbia University before coming to Hamilton.

Inscription Found Honoring Roman Emperor Verus

CAMBRIDGE, Mass. (AP)—An inscription honoring the Roman Emperor Lucius Verus, who reigned 178 years ago, has been found by a Cornell University professor.

Prof. Thomas Canfield is among a group of American archaeologists excavating the ancient Lydian capital of Sardis, in Turkey. Canfield discovered the inscription, carved in huge letters on a block of marble, in the southern part of the ruins. Harvard University announced Monday.

The expedition is sponsored by Cornell, the Fogg Art Museum at Harvard and the American Schools of Oriental Research, with the support of the Bollingen Foundation of New York City.

The block of marble is seven feet long and three feet high, Harvard said. It originally carried a statue of Verus, known to history for his dissolute life and his wars against Rome's great eastern foe, the Parthian kings. Verus ruled from 161-169 A.D.

The expedition did not report what the inscription said. Verus' behavior contrasted with that of his brother and co-ruler, Marcus Aurelius.

The archaeologists are digging in four areas of the ancient city. They also are investigating a partly tumbled structure of huge masonry blocks, believed to be a city gate, and Hellenistic and Lydian remains near the famous temple of Artemis.

Prof. G. M. A. Hanfmann of Harvard is field director of the expedition. Prof. A. H. Detweiler of Cornell is field adviser.

11,000 Draftees Will Be Called in September

WASHINGTON (AP)—The Defense Department yesterday asked for 11,000 draftees in September, an increase of 1,000 over the calls of previous three months. All inductees will be taken by the Army.

Draft calls of 13,000 were made monthly between February and May and then dropped to 10,000 each for June, July and August.

One Crewman Dies As Jet Crashes

LIMESTONE, Maine (AP)—An Air Force plane believed to be a B52 jet bomber crashed shortly after takeoff from Loring Air Force Base here today. Witnesses said they found one crewman dead and that another survived.

There was no immediate word from the Air Force which rushed all available rescue equipment and search parties to the scene—about three miles from the sprawling Strategic Air Command base near the Canadian border.

Residents of the area said the aircraft which normally carries a crew of eight barely missed a farm home.

Afraid of Thief Blame Youth Freezes Hand

SOUTH BEND, Ind. (AP)—A 16-year-old youth was in a hospital today with a frostbitten hand because he was afraid to call for help after it got caught in a soft-drink machine. He said he didn't want to be mistaken for a thief.

John Polinski said the mechanism began turning after he inserted a coin but it stopped before the bottle was delivered. He opened the top and tried to extract the bottle but the mechanism started again and caught his hand.

It was some time before his plight was discovered. Firemen had to dismantle the machine to release him.
